

Vouchers

Share a meal with employees and clients by sending a special one-time link, redeemable wherever they choose on DoorDash.

From team off sites to client meetings, share one-time meals with anyone for ad hoc corporate events.

Seamless set up for non-employees

Feed employees and clients alike without the hassle of adding emails to your Admin Portal.

Choose from 500,000+ merchants

Recipients can select a meal from our industry-leading merchant selection of local favorites and national chains.

Recipients choose their own food

No need to collect orders – recipients place their own within a set timeframe.

Set restrictions and share

Control the number of recipients, voucher value, and timeframe of use. Send via a custom link or via email.

Track spend and save

View who has accepted and utilized their voucher through live updates. Only pay for redeemed spend. Monthly invoicing is available.

Here's how it works:

1

Set voucher details

Select the voucher value and the date range. Vouchers can be created for individuals or in bulk.

2

Add recipients

Enter information of employees, clients, and others receiving a complimentary meal.

3

Share and track spend

Share seamlessly via email or a custom link. Track use and pay for redeemed spend only.
