KEILOR CEMETERY

GALLERY OF THE SAINTS MAUSOLEUM

This new addition to the grand Gallery of the Saints Mausoleum will be an engaging and respectful memorial structure.

The design approach draws on the existing mausoleum to create a new, contemporary mausoleum of the highest quality, which will be embraced by the local community and vitally linked to its natural surrounds.

Gallery ceilings fold up to allow sunlight to penetrate the interior of the mausoleum, animating the spaces within and providing an uplifting, spiritual quality.

Connections to the sky, the sun and the earth become unifying features through a series of sacred spaces seamlessly linked to the beautiful landscaped gardens outside.

Material selections for the new addition to the Gallery of the Saints Mausoleum will be granite, marble and bronze, reinterpreted within a contemporary architectural expression.

The thoughtful addition of movable seating will enable visitors to spend time closer to a loved one's crypt, enhancing the spiritual experience.

Tundra grey marble crypt shutters provide a subtle contrast to the other stone finishes used in the structure and will assist with reflecting natural light within the mausoleum galleries.

Landscape is to play a significant part in the visitor experience of the mausoleum. The new landscaping is designed to connect the building to a running 'river' of mainly low, softly coloured plants with 'bridge points' crossing into the interior of the mausoleum structure.

The 'river' of plants and landscape represents the course of you or your loved one's life, and the plants will be carefully selected for their colour, form and foliage.

Some of these are plants visitors may recall their loved ones growing in their own gardens, and this will add to special moments of remembrance.

Nearby parking areas ensure ease of entry for all visitors, including wheelchair access.

You and your family will have the choice of tandem, double or single crypts which are interspersed throughout the mausoleum.

All of this, with the peace of mind that the Greater Metropolitan Cemeteries Trust will look after this sacred place for generations to come.

Create a legacy and make your family proud.

GALLERY OF THE SAINTS MAUSOLEUM CRYPT LAYOUT

This is the first of a trio of contemporary additions to the Gallery of the Saints Mausoleum. When completed, there will be over 1900 new crypts.

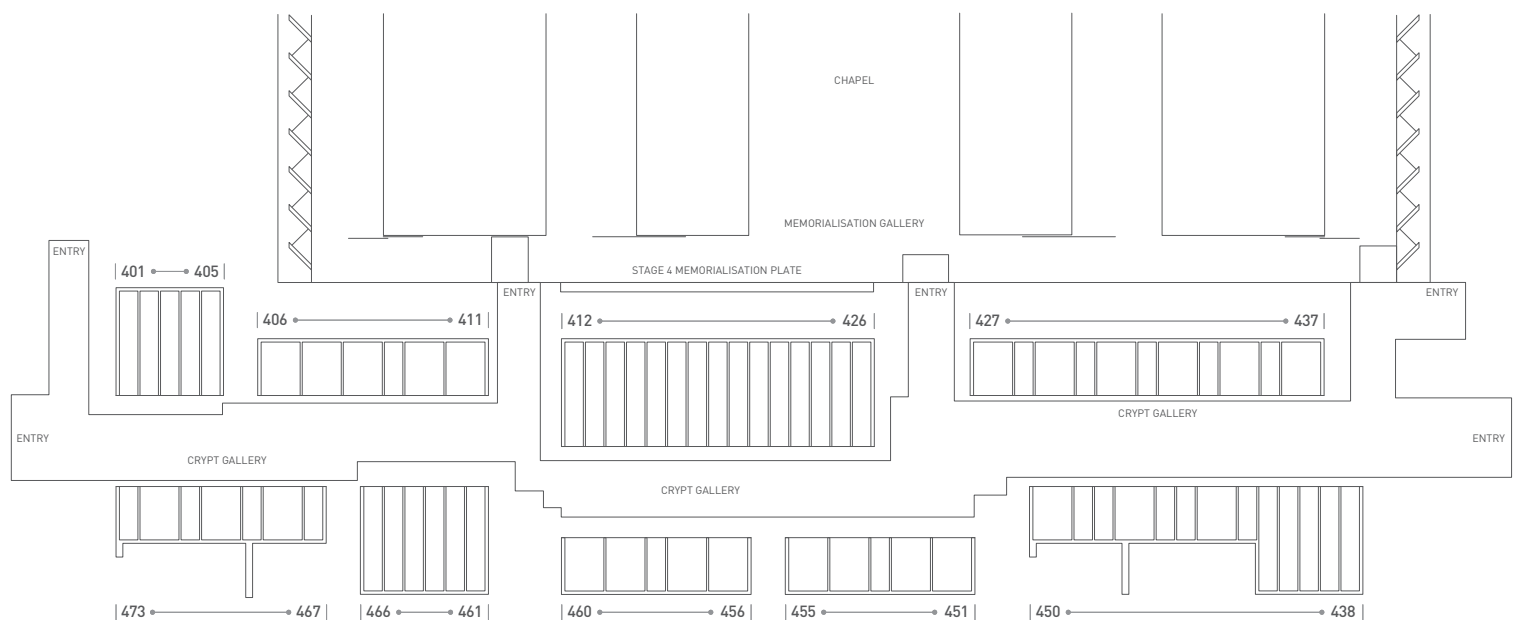

This magnificent addition is soon to arise adjacent to the existing south colonnade and will be comprised of approximately 860 crypts with a mixture of single, double and tandem configurations.

What are differences between single, double and tandem crypts?

- Single crypts are designed for one individual only.
- Double crypts are side-by-side crypts and are designed for two people. There are two crypt shutters or fronts side-by-side, one for each person.

- Tandem crypts are back-to-back and are designed for two people. There is one shared crypt shutter or front.

The map below shows the new addition to the Gallery of the Saints Mausoleum.

Gallery of the Saints Mausoleum

CRYPT SHUTTER FACE

Tundra grey marble will be the material used for the shutter faces in the new addition to the Gallery of the Saints Mausoleum.

A light, horizontal line is inscribed into the stone face. Names and dates of your love ones are applied in bronze lettering above the line – lettering sizes will match the sizes used in the existing mausoleum. Personal messages or quotes are applied in the band below the line.

The tandem shutter faces will feature the names of both people aligned vertically.

A 20mm high brass angle is proposed along the bottom edge of each shutter face. The angle sits slightly above the shutter face to allow visitors to tuck in additional photos, cards and the like.

Tundra Grey Honed marble

LAST NAME

MEMORIES LAST FOREVER R.I.P.

Gallery of the Saints Mausoleum

VIGIL LAMPS AND VASES

The new addition to Gallery of the Saints Mausoleum will have an innovative vigil lamp and cylindrical brass vase system that will be located at the bottom corner of each crypt shutter.

These beautiful vigil lamps and flower vases create a tranquil environment to honour the memories of your loved one.

The vase has clips that are used with an extendable pole to easily

access the higher level crypt vases as required.

The extendable pole permits flowers to be replaced without the need to use unsafe ladders.

Single Front

Double Front

TERMS & CONDITIONS

Pre-market sales release

Thank you for registering your interest in this new extension to the Gallery of the Saints Mausoleum at Keilor Cemetery. To recognise your early registration we are pleased to offer you an exclusive invitation only sales appointment where you can view the plans and make a selection and reservation.

The sales appointment for this off-the-plan sales event will be held in October and November 2019.

GMCT recommends that you consider/select multiple positions in case your first preference is not available at the time of your appointment.

Fees shown are:

- recorded in the Government Gazette for Keilor Cemetery and are accurate for the financial year 2019-20 – commencing 1 July 2019
- exempt from GST
- may be subject to change
- do not include future interment service fees or memorialisation.

Deposit

Keilor Right of Interment price (including Administration fee)
