Pricing Information

All prices are gazetted fees in accordance with the Cemeteries and Crematoria Act 2003 (Vic).

A copy of the Act is available online at:
<https://www.legislation.vic.gov.au/in-force/acts/cemeteries-and-crematoria-act-2003/037>

This price list is accurate as of 1 July 2024. Please note that this list may be updated from time to time. Visit www.gmct.com.au to download the most recent version.

GMCT is a Class A Cemetery Trust regulated under the Cemeteries and Crematoria Act 2003 (Vic) and accountable to the Department of Health, in accordance with section 39(2) of the Act and to the people of Victoria.

How GMCT is obliged to set product prices and fees for services

All prices in this list are set in accordance with requirements under the Act. In setting fees, GMCT must have regard to the following legislative requirements in accordance with section 39(2) of the Act:

39(2) In fixing fees and charges under this section, a cemetery trust must have regard to

- (a) the costs of operating and managing the public cemetery; and
- (ab) the fees and charges guidelines, if any; and
- (b) the need to provide for the maintenance of the public cemetery in perpetuity.

Right of interment fees (i.e. products) and stonemasonry permit fees are exempt from GST as per Division 81 of the Goods and Services Tax Act 1999.

Availability of product

Each right of interment is subject to availability at the cemetery or memorial park. Please note that not all services are available at all sites. Please confirm with our Customer Care team to ensure availability.

GMCT reserves the right to limit pre-need sales of rights of interment to ensure stock levels are available for at-need clients, or where burial areas are nearing capacity.

Payment requirements

GMCT has a no cash policy. Cash will not be accepted as a payment method.

Right of interment (ROI) can only be granted to a person when the ROI fee, including the non-refundable pre-purchase administration fee, has been paid in full.

Interment fees are required to be paid in full prior to the date of the interment, unless paid by a funeral director, where the agreed settlement terms with the funeral director applies.

No fee is payable for the right of interment certificate transfer when booking an at-need service or updating of the associated records.

Fee waiver or reduction

In accordance with section 44 of the Act, fees must not ordinarily be waived or reduced that would otherwise be payable to us. Situations of extreme financial hardship or special circumstance may be considered by us in accordance with the Act.

Refunds

Where a refund relates to a pre-purchased grave or memorial position (right of interment) the value of the refund is calculated in accordance with section 82(2) of the Act:

(a) "the cemetery trust must pay to the holder a refund based on the current cemetery trust fee payable for the same type of right of interment less the relevant cemetery trust fee for administration and any maintenance costs."

The administration fee (general) is gazetted in accordance with the Act.

The pre-purchase administration fee, paid at the time of the purchase of the right of interment, is non-refundable.

Weighted scale for the surrender of a right of interment

The weighted scale for maintenance costs is a sliding scale set by the Department of Health, Cemeteries and Crematoria regulation unit, with year one commencing from the date of issuance of the right of interment.

The scale is a % of the current fee where the % value increases each year on the anniversary date of the issuance of the right of interment.

Set on a gentle slope, among lawns and natural rock and bush, Andersons Creek Cemetery provides native settings for the interment of cremated remains. It currently offers limited children's lawn graves, commemoration and memorialisation for cremated remains.

First opened in 1858, Andersons Creek Cemetery is one of Victoria's oldest cemeteries. Originally, Andersons Creek was a monumental cemetery with pioneer graves for early miners in the Warrandyte area.

From the late 1970s onwards, it rapidly expanded due to the closure of Templestowe Cemetery, transforming into a lawn cemetery with a bushland theme.

Yarra Valley Mausoleum

Overlooking stunning surroundings, the Yarra Valley Mausoleum is the only public mausoleum in the region.

This open-plan mausoleum sits nestled between fragrant, trellised wisteria to the east and a beautiful olive grove to the west.

Blending culture and prestige with the beauty of the local landscape, the mausoleum seamlessly fuses European tradition with contemporary Australian design. Positioned around the mausoleum are bronze portrayals of the Stations of the Cross.

All crypts feature a vase and vigil lamp and subject to the area, the crypt is memorialised with either gold lettering or a bronze white plaque.

Double and tandem crypts are still available.

We're pleased to offer families the opportunity to register their interest, to purchase a crypt(s) in the stage 2 addition to Yarra Valley Mausoleum. To register or find out more, please call 1300 022 298, email enquiries@gmct.com.au

Address

120 Victoria Road, Lilydale
VIC 3140, Australia

Lilydale Lawn Cemetery is situated at the top of a small but prominent hill that runs to a gully at the site's southern boundary.

There are many historically significant graves at Lilydale Lawn Cemetery, ranging in date from 1878 to 1968, but those of note are the historically and architecturally important Dame Nellie Melba memorial, and the memorial of her father, David Mitchell.

Many others are well known in the Australian context; Jessie Vasey who founded the War Widows Guild, Ernest Buckmaster and William Blamire Young, both artists, and Victor Deschamps the vigneron whose vineyards covered much of the original township of Lilydale.

The first burial was conducted at Lilydale Lawn Cemetery more than 140 years ago, when the cemetery serviced a small group of local pioneer communities.

1187 Sydney Road, Fawkner
VIC 3060, Australia

Established in 1906 and located in Melbourne's north, Fawkner Memorial Park features extensive grounds, waterways and ornamental gardens, providing a range of settings for the burial and memorialisation of your loved ones.

The cemetery, designed by renowned landscape architect Charles Heath, is intersected by Merlynston and Campbellfield Creeks, and is serviced by the Upfield train line. The Fawkner Memorial Park Tearooms offer refreshments for visitors, and the cemetery's wide, shady boulevards provide a peaceful landscape for remembrance and reflection.

With a crematorium, chapels and function facilities, Fawkner Memorial Park plays an important role in the communities it serves.

This much-beloved cemetery was the first in Australia to introduce grand public mausolea, and is home to the Holy Family Mausoleum and Holy Angels Mausoleum. As one of Australia's largest cemeteries, it offers many burial options, memorials, cremation and private mausolea.

Holy Angels Mausoleum at Fawkner Memorial Park

The Plaza of the Holy Angels is located adjacent to the Atrium of Holy Angels, comprising approximately 1,800 mausoleum crypts arranged in single, double and tandem configurations.

The theme of the mausoleum is motherhood, as exemplified by the Holy Mother, and the role of motherhood in the nurturing and healing of both body and mind. Each of its eighteen galleries is dedicated to a woman of faith who has devoted her life to the nurturing, caring and healing of others, including a bronze statue of the Holy Mother.

Designed so natural sunlight will softly filter through the galleries, some feature skylights with ornate stained glass that bathe the crypts in coloured light. At the entrance to each gallery the names of loved ones are memorialised with individual bronze plaques.

The openness of the galleries provides a close connection with nature, where landscaped gardens offer seating for personal contemplation and reflection.

Private family mausoleum sites available

Options are available to purchase a site where you can construct your own private family mausoleum. Limited sites are available suitable for 12, 24 or 32 crypt spaces.

Sites range in size and the price is calculated on a per m² basis plus the private mausoleum endowment care fund:

- Land cost per m² = \$2,400 ROI-90519
- Private mausolea endowment care fund = \$90,915 ROI-90771

This fee is credited to a fund that will provide for the long-term maintenance of the cemetery; it will not be used specifically for the maintenance of the building, as this remains the responsibility of the holder of this right.

Preston chapel and function room

Address

900 Plenty Road, Bundoora
VIC 3083, Australia

Playing a pivotal role in the expansion of Melbourne to the north, Preston Cemetery is home to the largest public mausoleum in the southern hemisphere.

Located approximately 10km north of Melbourne's CBD, Preston Cemetery opened in December 1864 and continues to serve the diverse communities of Melbourne's northern suburbs. Originally known as the Strathallan Cemetery, it is the burial place of many nineteenth-century pioneers from the region.

In the 1920s the cemetery was expanded and re-named after the former City of Preston, since incorporated into the City of Darebin, though it is located in Bundoora. It has played an important role in the growth of those areas as the expansion of Melbourne saw the region move from a semi-rural to a suburban environment in a few short years.

Preston Mausoleum

Preston Cemetery's grand mausoleum is an expansive and impressive neo-classical tribute to the lives of those interred within.

Developed in three stages between 1996 and 2005, the final expansion made Preston Mausoleum the largest in the Southern Hemisphere.

Key features include its Mediterranean-style design, including several bell towers flanked by a large chapel. Throughout the mausoleum, beautiful marble and granite finishes are prominent, sourced from native Australian materials. The mausoleum is characterised by an extensive double storey gallery, a chapel, and stained glass windows that filter ample external light into its formal corridors.

Single, double, and tandem crypts are available.

Altona Memorial Park is a peaceful lawn and garden cemetery located west of Melbourne.

Opened as a modern cemetery in 1961, the park features floral landscaped lawns and extensive memorial gardens, differing from the traditional monumental cemetery and creating a green haven in the otherwise industrial west of Melbourne.

Altona Memorial Park also features a recently refurbished crematorium and two chapels in addition to function facilities. Today it provides burial and cremation services for a broad cross-section of Melbourne's multicultural communities while also mirroring the working class history of Melbourne's west, even playing host to the grave of 'Mr. Football', Ted Whitten.

Corner Cemetery Road and Ely Court,
Keilor East VIC 3033, Australia

Opened in 1856, Keilor Cemetery has been a significant landmark for generations of communities on and around the Keilor Plains.

Keilor Cemetery has been serving its diverse, multicultural community's evolving needs for more than 150 years. Its pioneer graves reflect the history of its location on the road to the goldfields.

Keilor Cemetery is also home to a Gallipoli Oak tree grown from acorns brought back from the battlefields of World War I. It is an important community monument to those who lost their lives in that conflict.

Keilor Mausoleum

The Gallery of the Saints Mausoleum is quietly settled among trees and lush, sweeping lawns and is a welcoming monument to those who are laid to rest in this iconic location.

The Mausoleum consists of stately colonnade galleries extending down the east and west sides, adjoining a serene courtyard with a tranquil water feature and seating, encouraging peaceful, personal reflection in a natural, open-air environment.

The two inner galleries are lit with natural light, and each is distinguished with fine red and green marble.

Our new addition to the existing Gallery of the Saints Mausoleum is an impressive and reverent memorial structure. The design draws on the existing mausoleum to create a new, contemporary mausoleum of the highest quality which will be embraced by the local community and linked to its surrounds.

Tandem, double or single crypts are interspersed throughout the mausoleum, and the gallery's ceiling allows natural sunlight in to create an uplifting, spiritual quality. Connections to the sky, sun and earth become unifying features through a series of sacred spaces seamlessly linked to a running 'river' of low, softly coloured plants crossing into the interior of the mausoleum structure.

Werribee Cemetery is an historical cemetery that has been serving the community for more than 150 years.

Since the cemetery was established in the 1860s it has built strong connections with local communities.

The monuments and markers found across the grounds represent a broad cross-section of Werribee's diverse multicultural history.

The cemetery is also home to both a public mausoleum and a number of private mausolea. Natural features of the cemetery include beautiful rose gardens, an avenue of gum trees and a 75-year-old Bunya-Bunya Pine.
