Students must receive a C- or better in MATH 1107 to be admitted into the Mathematics program upon transferring to West Virginia University.

^Students are encouraged to take sequential courses equivalent to WVU Eberly College of Arts and Sciences Bachelor of Science requirements (i.e. CHEM 1171 & 1172).

**Students must take both MATH 2153 and 2568 to be awarded the pair of equivalencies.

The WVU General Education Foundations curriculum (GEF) includes eight areas (F1-F8). F1 (Composition and Rhetoric), F2 (Science & Technology), and F3 (Mathematics & Quantitative Skills) are specified above. These 3 Areas will be fulfilled by General Education requirements at Columbus State. Students must also complete 3 credit hours from each of the GEF Areas 4 through 7, and are encouraged to study the provided GEF chart to select electives that satisfy these requirements. By using the suggested plan of study above, students are able to fulfill this requirement prior to graduation from Columbus State. Students not completing this requirement at CSCC will need to utilize ELECTIVE credit at WVU to do so.

The WVU GEF curriculum also includes 9 credits (normally 3 three-credit courses) of Focus coursework (F8), to help students capitalize on the range and diversity of courses offered at WVU. In order to maximize connections, incorporate additional competencies, and encourage true breadth of study, students must fulfill the Focus through completion of one of the following academic paths: (a) completion of a minor; (b) completion of a double major or dual degree, or (c) completion of 9 credits of additional coursework from the list of courses approved for GEF Areas F1 through F7. Columbus State students will complete 5 of these 9 hours with successful

completion of MATH 1152. CSCC students may utilize elective hours at Columbus State to complete this requirement. Those students who do not complete this requirement at CSCC will need to utilize ELECTIVE credit at WVU to do so.

Students completing degrees in WVU's Eberly College of Arts and Sciences are encouraged to work with their advisors to integrate completion of an academic minor or minors into their programs of study, to the degree allowed within elective hours. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. Columbus State students may begin completion of certain minors at CSCC by utilizing ELECTIVE hours to take courses equivalent to the minor's introductory requirements at WVU.

Students who have questions about admission into their intended program, GEF requirements, GEF Focus, minors, or any other issue relating to academics at West Virginia University should contact the Office of Undergraduate Education at WVU.
