Students must complete PSYC 101 with a grade of C or higher and MATH 201 before being admitted to the Psychology program at WVU.

*To complete the BS requirements for WVU in the least amount of credits, students should take the selected courses at WVU. However, students are encouraged to consult the BS Requirement Spreadsheet for other options.

Students are required to complete proficiency equivalent to 4 semesters of the same foreign language to fulfill the Bachelor of Arts requirements at WVU. It is recommended that students meet this requirement at ACM through successful completion of LANG 103, 104, 203, and 204. Those students who are proficient in Spanish can forgo LANG 103 and 104 and will still meet WVU's requirements by completion of only LANG 203 and 204 with departmental approval. Those students may replace LANG 103 and 104 with elective courses. Students wishing to study a different foreign language at WVU may replace their LANG courses with electives. These students will then utilize elective hours at WVU to meet the stated requirement.

The WVU General Education Foundations curriculum (GEF) includes eight areas (F1-F8). F1 (Composition and Rhetoric), F2 (Science & Technology), and F3 (Mathematics & Quantitative Skills) are specified above. These 3 Areas will be fulfilled by General Education requirements at Allegany College of Maryland. Students must also complete 3 credit hours from each of the GEF Areas 4 through 7, and are encouraged to study the provided GEF chart to select electives that satisfy these requirements. By using the suggested plan of study above, students are able to fulfill this requirement prior to graduation from Allegany College of Maryland. Students not completing this requirement at ACM will need to utilize ELECTIVE credit at WVU to do so.

The WVU GEF curriculum also includes 9 credits (normally 3 three-credit courses) of Focus coursework (F8), to help students capitalize on the range and diversity of courses offered at WVU. In order to maximize connections, incorporate additional competencies, and encourage true breadth of study, students must fulfill the Focus through completion of one of the following academic paths: (a) completion of a minor; (b) completion of a double major or dual degree, or (c) completion of 9 credits of additional coursework from the list of courses approved for GEF Areas F1 through F7. Allegany College of Maryland students will fulfill this requirement with successful completion of COMP 101, SOC 101, and their chosen SOC ELECTIVE.

Students completing degrees in WVU's Eberly College of Arts and Sciences are encouraged to work with their advisors to integrate completion of an academic minor or minors into their programs of study, to the degree allowed within elective hours. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors.

Students who have questions about admission into their intended program, Bachelor of Science requirements, GEF requirements, GEF Focus, minors, or any other issue relating to academics at West Virginia University should contact the Office of Undergraduate Education at WVU.
