Overall Notes

1 flagged, 1 / 2 (50%)

What is the overall condition of the workplace?

Exceeds Standards

Enter any general findings or comments

The facilities provide appropriate signages and have tidy workspaces. This provides a comfortable working environment for employees and proper safety measures can be observed. The only problem seen during this safety walk is the lack of a fire extinguisher on the production floor.

Are any safety concerns present that require immediate attention?

At Risk

Please see created action.

Ensure all safety issues are noted in the audit above, with associated corrective actions created

Accomplishments

Log below any examples of excellent work practices that were noted on this safety walk.
