-------------------------	------------

Home Phone#	2025550100
--------------------	------------

Personal Phone#	2025550155
------------------------	------------

Action Plans

Emergency Protocol

Emergency Protocol 1

Faculty members must instruct students and other personnel to drop to the ground and get under a sturdy table or desk.

Emergency Protocol 2

Faculty members must ensure that students and personnel keep their heads and neck protected.

Emergency Protocol 3

Faculty members must instruct students and other personnel to hold on to the table with one hand, and to move with it if it moves. Ensuring their heads and necks are protected at all times.

Emergency Protocol 4

Faculty members must ensure that students and other personnel stay away from windows as they can easily shatter and cause injury.

Emergency Protocol 5

If through a visual assessment the faculty members conclude that the building is sufficiently damaged, they must evacuate all students and personnel.

Emergency Protocol 6

Once everyone has evacuated, faculty members must ensure that all students and personnel keep a safe distance away from the damaged building to minimize the risk injury in case the building collapses.
