The TireGrabber TG4000 with Skid Steer Attachment

S/N: Not Available

Details

Lot#

C/W: The TireGrabber TG4000 is an innovative solution designed and engineered to revolutionize the way agricultural professionals handle large equipment tires. Manufactured in Canada with high-strength tensile steel, it grips, lifts, and rotates tires ranging from 54" to 89" in diameter and up to 4,000 lbs in weight. Its patented 3-arm design ensures balanced handling, reducing the risk of injury and equipment damage. The manual swivel, tilt, and 45-degree rotation features provide precise control, making tire changes quicker and safer. Its unique wrist-like motion allows for smooth stacking, precise placement, and easy grabbing! Quickly mounting to your skid steer, the TG4000 brings safety and efficiency to your farm. *Shipping is included within 500km of Saskatoon* Usage: Not Available
