ACTIVITY INFO

What is SPONSOR FOR A DAY?

More than building homes, we build communities, hope and the opportunity for families to help themselves. Habitat sponsorships help families build long-term financial security. With an affordable, stable home, families have more to spend on food, medicine, child care, education and other essentials. As a Habitat Sponsor, you become a part of a larger group of Long Islanders that believe that every family deserves the stability and financial security that comes with homeownership.
