**In the MS in
Technology
Innovation,
everything was
grounded in
practicality.**

*We developed solutions
to actual, real-world
problems."*

*Kelsey Minghan Guo (MSTI 2020)
Senior Product Designer, Cohere Health*

Unique Location on Microsoft's HQ Campus

The Master of Science in Technology Innovation programs are the flagship graduate degrees offered through the University of Washington's Global Innovation Exchange, located at Microsoft's headquarters in Redmond, Washington.

**Learn more about the program,
register for a virtual info
session, and apply.**

[About The
Program](#)
