# MESSAGE TO THE GOVERNING BOARD

- **Capacity building** is a fundamental instrument that serves existing participant nodes and offer opportunity for non participants to discover our community. Such programmes should be continued and possibly upscaled with external fundings
- **Data Standards and tools** have to evolve, GBIF community, with TDWG and Alliance partners are in the best position to steer this process in the most efficient way
- Find appropriate ways to engage countries of the **emerging markets**.
- Strengthen the link with **scientific/academic community**
- **Data citation mechanisms** should be improved to support citation tracking down to the individual collector or observer

# EVALUATION FORM

Please fill in as soon as possible and preferably before end of next week  
This will help us to improve.

## 15th Global Nodes Meeting

Dear Node Managers, dear observers,

We hope you enjoyed the 15th Global Node Managers meeting organised ahead of the 26th GBIF Governing Board.

Please fill this form at the end of the meeting or later, but preferably before October 30.

Your input is crucial to measure the reaching of our goals and to improve further meetings.

On behalf of the Nodes Steering Group(NSG) I'd like to thank you for your participation,  
André Heughebaert
