Guidelines for using the 25th anniversary badge

The GBIF 25 badge is intended for use throughout 2026

| Variations

Different media permit accurate reproduction at different scales. For that reason, we ask those using the logo respect not only the proportions but also a minimum size of 15mm for print and 60px for web uses.

For more information: contact comms@gbif.org

Variations

| Black

Recommended use for monochromatic purposes, over grey-to-white backgrounds, or selected GBIF palette-colored backgrounds.

Variations

White

Recommended for use throughout 2025 and until International Day for Biological Diversity on May 22nd, 2026.

Recommended use over grey-to-black backgrounds, GBIF palette-colored backgrounds or images.

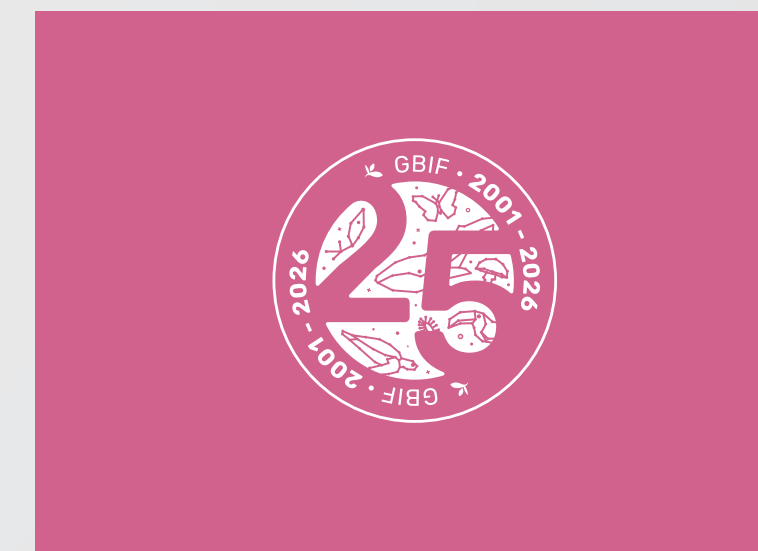

Variations

Do this

The data publisher logo is composed of the GBIF logo mark surrounded by a circular stripe on which the words node and GBIF are written separated by dots.

Different media permit accurate reproduction at different scales. For that reason, we ask those using the logo respect not only the proportions but also a minimum size of 15mm for print and 60px for web uses.

For more information: contact comms@gbif.org

Variations

Don't do this

Please respect the proportions and integrity of the logo and its variations. Additionally, please do not crop, change the transparency or change the color of the logo and its variations.

Do not use drop shadows or effects, don't recreate the logo using other typefaces or outline the logo.

For more informations on do's and dont's please contact comms@gbif.org
