ABOUT US

INTRODUCTION

STAR Conferences Directory is the premier resource for scientists looking for the latest scientific conferences, courses, meetings, and symposia.

ABOUT STAR CONFERENCES

The largest Global Scientific Conferences in the field of Medical, Health Care, Life Sciences, and Engineering Technology. We are instrumental in bringing together industrial and technical experts and beginners for cutting-edge research-oriented discussions together with world-class experts. The goal of this conference is to bring together scientists at every level from different disciplines to interact during programmed topic sessions and informal gatherings to discuss the research findings with experts in the field. The conference aims to provide a forum for academics, researchers and practitioners to exchange ideas about the treatment of Mental Health.
