

# STAND UP SCIENCE.

Fundraising is so important to allow us to continue our research and hopefully find better, kinder treatments for people with cancer in the future. We want to say a huge thank you to everyone who supports the SU2C campaign. 'Stand Up To Cancer' funded researcher.

Since 2012, our supporters have funded 64 ground-breaking projects and clinical trials, turning breakthroughs in the lab into new techniques and treatments that could really make a difference for people with cancer.

Every day, our researchers work tirelessly to beat cancer. They're finding ways to stop cancer cells from resisting treatment. They're improving technology to detect cancer faster and even boosting the immune system so that it's better at destroying cancer cells.
