

Instantly Generate Professional Pay Stubs

OneTwoPay is your simple solution for Canadian pay stubs in just a few quick steps. Your employees need pay stubs and we make it easy & affordable for you.

- Generate professional pay stubs
- Add your company's logo
- Save employee information
- Auto-generate future pay stubs
- Automatic calculations
- Summary of employer and employee remittances
- A T4 report to top it off
- Everything from simple earnings to multiple income types and taxable benefits
- Support by chat, email and phone

Three Simple Steps

One

Fill out your employer & employee information. Add your pay frequency and pay date, and hit that next button.

Two

Enter your employee's pay including income amounts and types, taxable benefits, deductions, and federal/provincial claim codes.

Pay

You are ready to preview your pay stub. If everything looks good you can download it right away. If you need to change something, no problem.
