These technologies are relied upon for conformance with the accessibility standards used.

### **Limitations and alternatives.**

Despite our best efforts to ensure accessibility, there may be some limitations. Below is a description of known limitations and potential solutions. Please contact us if you observe an issue not listed below.

Known limitations:

#### **1. Google Maps:**

Users with a visual impairment may have issues accessing content on our site which uses Google Maps to visually display information, for example, our “How to Buy” page. However, this information is meant to be supportive and secondary in nature, while the pertinent content remains fully accessible on the pages. For example, users will still be able to locate their nearest insurance broker by accessing our search even though they may not be able to visually see the location on Google Maps.

#### **2. PDF documents:**

Some of the PDF documents available for download on our site may not be fully accessible. If you require assistance with the content on these PDF documents, please feel free to contact us by phone or email.

#### **3. Third-party websites and tools:**

We may use third-party tools or plugins to support certain functions on our website. Whenever possible, we have customized such tools to follow compliance standards, however at times, such customization options may not be available. One such tool is our third-party payment system Moneris. We have made an effort to limit the use of such tools to lower the impact of possible disruptions.

#### **4. Inconsistent behaviour for certain buttons and input elements on focus, hover and click:**

We are aware that there are some minor AODA compliance issues that we are investigating to ensure AODA compliance. If you require assistance, please email us at [cadsupport@caasco.ca](mailto:cadsupport@caasco.ca) or contact us at 1-877-222-1717.

#### **Assessment approach.**

CAA Insurance Company assessed the accessibility of [customer.caainsurancecompany.ca](http://customer.caainsurancecompany.ca) by the following approaches:
