 - ii. In case of **Floater basis**, Our maximum, total, and cumulative liability for any and all claims made under a Benefit with respect to all the Insured Persons under the Policy, will be up to the Sum Insured specified against the Benefit.

- d. Application of Sum Insured (SI) limits:** Each Benefit is subject to a Sum Insured limit which is Our maximum, cumulative and total liability for the Benefit for all the Insured Person(s) in the Policy as following:
1. The claim amount payable will always be subject to availability of Sum Insured for the particular Benefit, as specified in the Schedule. Where the Coverage Period is for a period of more than one year, the Sum Insured will be applicable for each Policy Year, unless specified otherwise in the Schedule.
 2. The type of Sum Insured available for the Basic Benefit, are as follows:
 - Base Sum Insured
 - Inflation Protect Sum Insured (If opted for)
 - Restore Sum Insured(if opted for)
 - No Claim Bonus (NCB) Sum Insured (if opted for)

3.2 Basic Benefits

All the benefits listed in this part are available to anyone insured under the policy.

3.2.1 In-patient Hospitalization

In the event of hospitalization, we will cover the following medical expenses for anyone insured in the policy -

- Hospital room rent
- ICU/CCU/HDU charges

- Operation room charges
- Medical practitioner / doctor fees
- Medicines prescribed by the treating medical practitioner / doctor, used in the treatment
- Diagnostic tests directly related to the current hospitalization
- Surgical or medical appliance(s) prescribed by the treating medical practitioner/doctor (e.g. a stent)

Note: Some expenses in Annexure 1 may not be covered in your policy, unless you buy a plan including those benefits. The terms of your policy will be written in your policy schedule.

3.2.2 Room Rent /ICU

If anyone insured under the policy is hospitalized, we will cover the room rent charges for the room category and ICU charges during hospitalization stay as specified in the policy schedule.

Note:

- While the nomenclature of the Room Category might differ from one hospital to another, we will use the specification and description of the room category to determine the applicable room category and rent limits for each hospitalization.
- If you avail a room with room category / room rent / ICU charges higher than those mentioned in the policy schedule, then you will have to bear a part of the total in-patient medical expenses (including surcharges, taxes, etc.). The expenses that you will have to bear in such a case would be proportional to the difference between the room rent actually availed and the room rent limit specified in the policy schedule.

Example: If you have opted for a room category with a limit of Rs. 2000 per day in the policy but you select a room with charges of Rs. 4000 per day during hospitalization, the availed room rent is two times the specified limit. So, we will cover and pay for only half the medical expenses in the final bill (i.e. reduce the bill proportionally by two). This is done as medical expenses such as doctor's fee, surgery costs, etc. depend on the room rent opted for. However, the proportional deduction will not be applicable for medicines and other items that are billed at MRP.

3.2.3 Day Care Treatment

If anyone insured under the policy undertakes Day Care Treatment in a hospital / nursing home / day care centre, we will cover the expenses of the day care treatment.

Note:

- Any treatment undertaken as an Out-Patient or in an out-patient department is not covered

3.2.5 Road Ambulance Limit

We will cover the reasonable costs incurred during transportation to a hospital or day care centre by an ambulance or public transport for anyone insured under the policy and requiring emergency care.

Note:

- We will pay the costs associated with this benefit only if we have accepted a claim under Basic Benefit 3.2.1 (In-patient Hospitalization) or Basic Benefit 3.2.3 (Day Care Treatment) or Basic Benefit
- We will pay the costs associated with this benefit only if it is medically necessary to transport anyone insured under the policy & requiring emergency care by an ambulance or public transport.

3.2.6 Domestic Emergency Evacuation Limit

If anyone insured under the policy has a medical emergency and if adequate medical facilities are not available locally, we will cover the emergency evacuation costs of transporting the person requiring emergency medical care to the nearest medical facility that is able to provide adequate care.

Note:

- You will have to certify the emergency evacuation in writing by the attending Medical Practitioner for the evacuation to be medically necessary to prevent the immediate and significant effects of an Illness/Injury, which if left untreated could result in a significant deterioration of health.
- You will have to get the emergency evacuation pre-authorized by us. You can get the pre-authorization by calling our call centre. Only in cases where it can be demonstrated to our satisfaction that it was not reasonably possible to get pre-authorization before evacuation, you can seek authorization as soon as possible post the emergency evacuation.
- We will consider the nature of the Insured Person's Illness or Injury, the Insured Person's condition and ability to travel, as well as other relevant circumstances including airport availability, weather conditions and distance to be covered while considering such requests.
- The Insured Person's medical condition must require the accompaniment of a qualified Medical Practitioner during the entire course of the transportation to be considered as requiring emergency evacuation.
- You can avail transportation by medically equipped specialty aircraft, commercial airline, train, Ambulance or air ambulance depending upon the medical needs and available transportation specific to each case, and within the geographical territory of India only.

3.2.7 Domiciliary Treatment

If anyone insured under the policy undergoes Domiciliary Hospitalization i.e. medical treatments or procedures taken at home, we will cover the cost of such domiciliary hospitalization.

Note:

- We will cover such costs only if the domiciliary hospitalization continues for at least 3 consecutive days. In such a case, we will cover the medical expenses incurred from the first day.
- However, we will not make any payment if the Domiciliary Hospitalization is for less than 3 consecutive days.
- We will only make payments for such costs if the treating Medical Practitioner confirms in writing that Domiciliary Hospitalization was medically necessary.
- We will cover the medical expenses under this benefit on reimbursement basis only.

3.2.8 Organ Donor Expenses

If anyone insured under the policy requires organ donation, we will cover all the in-patient hospitalization expenses incurred by the person's organ donor for harvesting of the organ.

Note:

- We will cover the in-patient hospitalization expenses for the person's organ donor only if the following conditions are met -
 - We admit the claim under Section 3.2.1 (In-patient Hospitalization) for the Insured Person under this Policy and is related to the same Illness or Injury
 - The organ donation is in accordance with the Transplantation of Human Organs Act 1994 (as amended from time to time) and other applicable laws and rules.
 - The organ donated is for the use of the Insured Person who has been advised to undergo an organ transplant in writing by the treating Medical Practitioner.

You have the sole discretion on the option to avail a second opinion. You are free to choose whether or not to obtain the second opinion, and if obtained, then whether or not to act on it, without any assumption or deemed assumption of liability by Us.

Note:

- We will cover such expenses only if -
 - The expenses are for consultation on an out-patient basis
 - The person is advised hospitalization or day care treatment in the first opinion

3.3 Basic benefit options

The benefits listed in this section are available as optional add-ons with the basic benefits. Only those benefits under this section that are opted for by the insurer and specifically mentioned in the policy schedule will be applicable.

3.3.1 Worldwide in-patient hospitalization

If this benefit is in force and if anyone insured under the policy undergoes hospitalization anywhere outside India, we will cover the in-patient medical expenses of such hospitalization.

Note:

- We will cover the expenses only if -
 - They are incurred for an injury or illness as specified in the policy schedule and in line with Basic Benefit 3.2.1.
 - They need to be for a medically necessary treatment and on the written advice of the treating Medical Practitioner.
- We need to be intimated of such a hospitalization within 48 hours of admission.
- We will make the payment of any claim under this benefit based on the rate of exchange, published by Reserve Bank of India (RBI), from the currency of the country of treatment to Indian Rupees as on the date of payment (or the next available date for which exchange rate is available) to the Hospital.
- We will waive the Permanent Exclusion under Exclusion 5 of Section 4.2.2 for the purpose of this Benefit in respect of that Insured Person.

3.3.2 Restore Sum Insured

We will refill the sum insured of the policy, as defined in the policy schedule, if you use the total of the base sum insured, inflation protect sum insured (if applicable) and any NCB sum insured (if applicable) in previous claims and it is insufficient to pay for any other medical expenses of anyone insured under the policy.

Note:

- The Restore Sum Insured will not be available for the treatment of an illness for which a claim has already been made in the current policy year. For Treatment of a single illness or treatment during a Policy Year, the maximum claim amount payable shall not exceed the sum of
 - Base Sum Insured;
 - Inflation Protect Sum Insured; and
 - NCB Sum Insured (if available).
- Restoration of Sum Insured will not trigger for the first claim made in the policy year

- If the restore sum insured is not utilized in a policy year, it will not be carried forward to the next policy year.
- For individual policies, Restore Sum Insured will be available on individual basis whereas for floater policies, it will be available on floater basis.

Example: You have a policy with a total Sum Insured of Rs. 25 lakh and have the Restore benefit for unlimited times. Now, unfortunately you suffer from a cardiac arrest and incur a total hospitalization bill of Rs. 30 lakh. The amount of claim payable by us would be Rs. 25 lakh i.e. the maximum sum insured amount. As you have used up the sum insured amount in total, the sum insured will be restored by 100% i.e. Rs. 25 lakh. This Rs. 25 lakh would be available for use against any claims apart from cardiac arrest. Say unfortunately you also need to use the insurance amount for a liver disease with the total hospitalization bill of Rs. 28 lakh. In this case, the total amount payable for the liver disease claim would be Rs. 25 lakh i.e. the maximum sum insured amount. The sum insured having been used up will be restored again by 100% to Rs. 25 lakh. This Rs. 25 lakh would be available for use against any claims apart from cardiac arrest and liver disease. So if you need to make another claim, say related to knee replacement costing Rs. 2 lakh, the amount payable by us would be Rs. 2 lakh.

3.3.3 No Claim Bonus Sum Insured

If this benefit is in force and if anyone insured under the policy makes no claim in the current policy year under in-patient hospitalization (Basic Benefit 3.2.1) or day care treatment (Basic Benefit 3.2.3), we will provide an additional sum insured in the subsequent policy year. The additional NCB Sum Insured we will provide in the subsequent year will be a fixed percentage of the base sum insured of the current policy year.

Note:

- We will provide the NCB Sum Insured next year only if the policy is active or is renewed the next year.
- During any Policy Year, the NCB Sum Insured cannot be more than the Base Sum Insured.
- Any NCB Sum Insured that has accrued will be available for any claims made in the subsequent Policy Year.
- If you do not renew this Basic Benefit Option at the time of Renewal of this Policy, then the NCB Sum Insured under the Policy shall be forfeited.
- If the Base Sum Insured has been reduced at the time of Renewal, the applicable NCB Sum Insured shall be calculated on the revised Base Sum Insured on a pro-rata basis.
- If the Base Sum Insured under the Policy has been increased at the time of Renewal, the NCB Sum Insured shall be calculated on the Base Sum Insured of the last completed Policy Year.

Example: You have a policy with a total sum insured of Rs. 25 lakh with a NCB benefit of 20%. Say you do not make any claims in the current policy year. The NCB benefit amounting to Rs. 5 lakh (i.e. 20% of Rs. 25 lakh) would be available and added to your total sum insured, making it Rs. 30 lakh.

3.3.4 First Notification of Claim

If this benefit is in force, then anyone insured under the policy agrees to notify us within 48 hours of hospitalization or before discharge (whichever is earlier) in case of in-patient hospitalization (Basic Benefit 3.2.1) or day care treatment (Basic Benefit 3.2.3).

3.3.6 Co-pay

If this benefit is in force, anyone insured under the policy agrees to bear a compulsory co-payment percentage in the final claim amount assessed by us for every claim. We will offer a discount in premium for this agreement.

Note:

- We will make the payment for claims subject to any other conditions specified in the policy schedule.
- The Annual Aggregate Deductible amount will be consumed on the basis of the admissible claim amount after applying the Sub-limits as per of the policy schedule.
- No Deductible under this Basic Benefit Option shall be applicable for the claims under Basic Benefit Options 3.3.11 if applicable (Preventive Health Check-up).

Example: Suppose you have a super top-up policy with Sum Insured of Rs. 1 crore and a deductible of Rs. 5 lakh. The following will be the amount you will have to shell out in each case

(assuming all costs mentioned in the final bill are covered and there is no non-payable item in the final bill) -

| | Only base plan of Rs. 5 lakh sum insured | Base plan of Rs. 5 lakh sum insured + Super top-up plan of Rs. 1Cr sum insured and Rs. 5 lakh deductible | Only Super top-up plan of Rs. 1Cr sum insured and Rs. 5 lakh deductible |

| Total cover | Rs. 1 lakh | Rs. 1 Cr | Rs. 1 Cr (over deductible) |
| Deductible | | Rs. 5 lakh (this is also covered) | Rs. 5 lakh |
| 1st claim of the year | Rs. 3 lakh | Rs. 3 lakh | Rs. 3 lakh |
| Cumulative claim amount after 1st claim | Rs. 3 lakh | Rs. 3 lakh | Rs. 3 lakh |
| Amount to be paid by you | 0 (as 3 lakhs will be paid from base policy) | 0 (as 3 lakhs will be paid from base policy) | Rs. 3 lakh (as claim is less than deductible of Rs. 5 lakh) |
| 2nd claim of the year | Rs. 6 lakh | Rs. 6 lakh | Rs. 6 lakh |
| Cumulative claim amount after 2nd claim | Rs. 9 lakh | Rs. 9 lakh | Rs. 9 lakh |
| Amount to be paid by you | Rs. 4 lakh (Rs. 2 lakh out of Rs. 6 lakh is covered, remaining to be paid out of pocket) | 0 (as Rs. 2 lakh with be paid from base policy and Rs. 4 lakh from super top-up) | Rs. 4 lakh (only the cumulative claim amount over the deductible of Rs 5 lakh is payable by us) |
