B. PROCEDURE FOR ELECTION OF AND WITHIN THE BOARD

¹ Pursuant to article 24 letter l) of the ECA Statutes, the Board has adopted the Procedure for Election of and within the ECA Board.

² During the first General Assembly of each ECA Cycle, members of the new ECA Board will be elected. The term of office is set out in article 25 of the ECA Statutes with the possibility of renewal.

³ Candidates for elections by the General Assembly shall be proposed by Ordinary Members to the ECA CEO in writing by the date set by the ECA CEO on the call for candidates which, in principle, will not be later than 14 days before the date set for the elections. The list of candidates as well as all necessary information on the election procedure will be forwarded to all Ordinary Members concerned.

⁴ Elections shall be held by secret ballot (via ballot papers, electronic votes or as otherwise directed by the Board). Votes by proxy shall be permitted if they fulfil the following cumulative requirements. The proxy must be sent directly to the ECA Administration by the Ordinary Member who cannot be present at the GA and this at minimum 24 hours prior to the start of the actual elections. The proxy must be on the official club letterhead, shall be signed by a legal representative of the Ordinary Member, accompanied with the relevant Power of Attorney of that legal representative, and shall be sent directly to the ECA Administration by official means. Proxies that according to the ECA Administration do not meet the cumulative prerequisites above will be held invalid.

⁵ Votes by letter shall not be permitted, unless otherwise decided by the Board.

⁶ For the purposes of the elections, Ordinary Members shall be divided into five groups corresponding to the groups as set out below:

Clubs Satisfying Men's Criteria for Ordinary Membership		
Subdivision	Men's Association Coefficient	No. of Board members
1	1-6	12 less the number of Board Members from Subdivision 1 already appointed or elected to the ECA Board pursuant to articles 20.1 c) and d) of the ECA Statutes
2	7-15	6 less the number of Board Members from Subdivision 2 already appointed or elected to the ECA Board pursuant to articles 20.1 c) and d) of the ECA Statutes
3	16-28	4 less the number of Board Members from Subdivision 3 already appointed or elected to the ECA Board pursuant to articles 20.1 c) and d) of the ECA Statutes
4	29-and below	2 less the number of Board Members from Subdivision 4 already appointed or elected to the ECA Board pursuant to articles 20.1 c) and d) of the ECA Statutes

Clubs Satisfying Women's Criteria for Ordinary Membership		
Subdivision	Women's Association Coefficient	No. of Board members
Women's	Any	2

Each group shall elect the number of Board Members attributed to its subdivision. The Ordinary Members can vote for as many candidates as there are seats available in the subgroup, in compliance with the Statutes (notably, the relevant eligibility provisions) and this Procedure. To ensure that the Statutory requirements are met, elections in Subdivision 1 and Women's may be split into separate phases. A vote is null and void if more candidates than available seats are chosen.

⁷ Two neutral scrutinisers per subgroup will be appointed, who will, in principle, consist of one person from the ECA Administration and one club representative who is not a candidate. The scrutinisers will ensure that the election procedures in their subgroup are respected. Once all Ordinary Members present or represented in the subgroup have voted, the scrutinisers will confirm the final vote count.

⁸ Each candidate will have the opportunity to present his/her candidature to its subdivision. In principle, two minutes maximum are allowed per candidate. However, the scrutiniser is allowed to shorten or increase this period in case of a high/low number of candidates. A presentation of the candidature in writing is also possible.

⁹ The elections within each group shall be by simple majority of the group Ordinary Members present or represented (abstentions will not be counted), subject to the follow requirements:

- In respect of the elections for Subdivision 1, there must be one candidate elected from each country comprising Subdivision 1. Therefore, once all votes are counted, the most voted candidate from each country will be elected, irrespective of their ultimate total number of votes or ranking. After an initial election covering six seats (to ensure that one candidate is elected from each country in Subdivision 1) a final election shall occur involving all remaining candidates for the remaining available seat(s) and the highest ranked candidate(s) from any country shall be elected.
- In respect of the elections for Subdivisions 2, 3 and 4, the candidate(s) with the highest number of votes shall be elected, subject to there being only one elected member per country. In case there is more than one candidate from the same country among the most voted candidates, only the most voted one will be elected and the vacancy shall be allocated to the next most voted candidate who has not yet been elected and who belongs to a country without an elected member.
- In respect of the elections for the Women's Board Member seats, first, the most voted candidate shall be elected, irrespective of their gender or the country that their Ordinary Member is from. Thereafter:
 - If the candidate already elected is a male and from a top 4 country, the next most voted female candidate from any country shall be elected;
 - If the candidate already elected is a male and from a non-top 4 country, the next most voted female candidate from a top 4 country shall be elected;

- If the candidate already elected is a female and from a top 4 country, the next most voted candidate (male or female) from any country shall be elected;
- If the candidate already elected is a female and from a non-top 4 country, the next most voted candidate (male or female) from a top 4 country shall be elected.

¹⁰ Subject to paragraph 11 below, there will be only one ballot.

¹¹ In the event of a tie among two or more candidates for one or more seats after the first ballot, a second ballot will be held amongst those candidates who obtained the ex-aequo highest number of votes during the first ballot. At this second ballot, according to the number of seats that remained available, candidate/s is/are elected that receive the most valid votes. After the second ballot, in the event of a tie among two or more candidates for the remaining seat/s, the Board will decide whether there will be further ballots until all remaining seats have been designated, or there will be a drawing of lots.

¹² In the event that any Board seat available for election is, for whatever reason (including due to there being no eligible candidates), not filled pursuant to the process outlined above, the Board will decide, at its entire discretion, whether (i) to issue an immediate call for candidates for election in respect of the available seat at that same General Assembly; or (ii) postpone the relevant election to a later date; or (iii) occupy that available slot by means of an appointment.

¹³ Following the procedure for election of the Board, all Board Members shall be given the opportunity to express their interest and candidature to the ECA CEO prior to and in relation to the elections as per the following paragraph.

¹⁴ The newly elected Board elects from among its members:

- a) A Chair, who shall act as Chair of ECA and who represents one of the clubs belonging to the first subdivision in the table above;
- b) A first, a second, a third and a fourth Vice-Chair, each of whom shall represent one of the clubs belonging either to the second, third or fourth subdivision; and
- c) A fifth Vice-Chair who shall represent one of the clubs who obtained Ordinary Membership via the Women's criteria.

¹⁵ Each eligible candidate will have the opportunity to present their candidature. In principle two minutes are allowed per eligible candidate.

¹⁶ The ECA CEO will act as scrutinizer and will appoint a second scrutinizer from amongst the Board Members who are not a candidate.

¹⁷ Each Board Member shall have one vote.

¹⁸ Votes shall be open (show of hands) unless at least half of the Board Members present requests a secret ballot.

¹⁹ Elections within the Board shall be adopted by simple majority and the candidate(s) with the highest number of votes shall be elected.

²⁰ In the event of a tie among two or more candidates for one or more seats after the first vote, a second vote will be held amongst those candidates who obtained the ex-aequo highest number of votes during the first vote. At this second vote, according to the number of seats that remained available, the candidate/s is/are elected that receive(s) the most valid votes. After the second vote,

in the event of a tie among two or more candidates for the remaining seat/s, the Board will decide whether there will be further rounds of votes until all remaining seats have been designated, or there will be a drawing of lots.

²¹ In accordance with Article 22 para. 2 of the ECA Statutes, at the last Board meeting prior to the first General Assembly in a new ECA Cycle, the Board shall elect from among the Board Members, the two ECA representatives to the UEFA ExCo. Prior to the election, all Board Members shall be given the opportunity to express their interest and candidature following which the election of these two representatives shall follow the rules provided for in para. 15-20 of this Procedure.

C. PROCEDURE FOR ELECTION OF THE SUBDIVISION REPRESENTATIVES

¹ Pursuant to article 24 letter I) of the ECA Statutes, the Board has adopted the Procedure for Election of the Subdivision Representatives in the ECA Board.

² During the first General Assembly of each ECA Cycle, and following the elections of the Board, the Subdivision Representatives will be elected. The term of office is set out in article 44 of the ECA Statutes with the possibility of renewal.

³ Candidates for the election shall be proposed by any eligible Ordinary (clubs satisfying Articles 4.1 or 4.3 of the ECA Statutes) or Associated Members to the ECA CEO in writing by the date set by the ECO CEO in the call for candidates, which, in principle, will not be later than 14 days before the date set for the elections. The list of candidates, as well as all necessary information on the election procedure will be forwarded to all Ordinary and Associated Members.

⁴ Elections shall be held by secret ballot (via ballot papers, electronic votes or as otherwise directed by the Board).

Votes by proxy shall be permitted if they fulfil the following cumulative requirements. The proxy must be sent directly to the ECA Administration by the Member who cannot be present at the GA and this at minimum 24 hours prior to the start of the actual elections. The proxy must be on the official club letterhead, shall be signed by a legal representative of the Member, accompanied with the relevant Power of Attorney of that legal representative, and shall be sent directly to the ECA Administration by official means. Proxies that according to the ECA Administration do not meet the cumulative prerequisites above will be held invalid.

⁵ Votes by letter shall not be permitted, unless otherwise decided by the Board.

⁶ Both Ordinary and Associated Members are entitled to vote and shall be divided into four groups corresponding to the men's subdivisions as set out below:

Men's Association ranking position	ECA Subdivision
1-6	1
7-15	2
16-28	3
29 and below	4

Each group shall elect 1 (one) Subdivision Representative attributed to its subdivision. The Members can only vote for one candidate. A vote is null and void if more than one candidate is chosen.

⁷ Two neutral scrutinisers per group will be appointed, who will, in principle, consist of one person from the ECA administration and one club representative who is not a candidate. The scrutinisers will ensure that the election procedures in their group are respected. Once all present Members in the group voted, the scrutinisers will confirm the final vote count.

⁸ Each candidate will have the opportunity to present their candidature to their subdivision. In principle, two minutes maximum are allowed per candidate. However, the scrutiniser is allowed to shorten or increase this period in case of a high/low number of candidates. A presentation of the candidature in writing is also possible.

⁹ The elections within each subdivision shall be by simple majority of the Members present or represented (abstentions will not be counted). The candidate in each subdivision with the highest number of votes shall be elected.

¹⁰ In the event of a tie among two or more candidates for the seat after the first ballot, a second ballot will be held amongst those candidates who obtained the ex-aequo highest number of votes during the first ballot. At this second ballot, the candidate is elected that receives the most valid votes. In the event of a tie among two or more candidates for the seat, the Board will decide whether there will be further ballots until the seat has been designated, or there will be a drawing of lots.

D. ECA MEMBERSHIP POLICY

Pursuant to article 24 letter I) of the ECA Statutes, the Board has adopted the current ECA Membership Policy. This document outlines the ECA membership policy on ECA Ordinary and Associated membership regarding those matters not explicitly provided for in the ECA Statutes.

1. General requirements for Ordinary & Associated Membership

Clubs applying to become Member must agree to abide by the ECA Statutes and must not be in breach and/or have breached the ECA Statutes, including the objectives of ECA as established therein. Clubs applying to become Member must be organised in a professional manner and shall not be in significant financial problems.

It is further specified that the Board may refuse the application for membership of any club which (i) is under investigation for conduct which could and/or would have endangered the integrity and regularity of competitions and matches as well as the sporting values and principles on which European football is based; or (ii) whose membership of the organisation may otherwise undermine or disrupt the activities of ECA or the pursuance of its objectives.

2. Requirements for Associated Membership

The following clubs are eligible to become Associated Members:

- ECA Founding Members; and
- all clubs where either the Men's or Women's team is currently playing in the top division of a UEFA association or has played in the relevant top division during the current or immediately previous ECA Cycle;
- Clubs that have participated in the group/league stage of a UEFA Club Competition at least once in the past 10 years; and
- Clubs which were eligible to be Ordinary or Associated Members in the previous ECA Cycle, but that no longer meet the eligibility criteria to remain Ordinary or Associated Members for the new ECA Cycle.

3. Transition of Membership from cycle to cycle

During its last meeting of the ECA Cycle, the Board shall decide on the number and identity of clubs eligible for ECA membership in accordance with the Statutes and this Membership Policy. The Board may consult the Statutory Affairs Panel for this purpose.

Each club will be informed by the ECA Administration about their membership status during the next ECA Cycle.

The following rules will be taken into account for renewal and transition of membership:

- The membership of Members which are eligible to remain as Members in the next cycle shall, in principle, be extended automatically and their membership category confirmed (whether this is changing or not) in writing.

In any of the above cases, membership may nonetheless be refused for the next ECA Cycle if the concerned Member does not fulfil the conditions provided for under the ECA Statutes and this ECA Membership Policy to be an Ordinary or an Associated Member (as applicable) and/or has failed to

comply with its obligations under the ECA Statutes or acted contrary ECA's objectives as established in the ECA Statutes.

Members may be required to re-sign the application form if deemed appropriate by the Board.

4. Admission of New Members

If it appears that a club is eligible for ECA Ordinary Membership in accordance with the Statutes, but is not yet an ECA Member, the ECA Administration shall invite this club to apply for Ordinary Membership. This application shall be decided, in principle, at the last meeting of the Board of the ECA Cycle. The only exceptions to this rule are:

- a) where a non-member club wins its 5th UCC trophy during a cycle (In such circumstances the club would be admitted as an Ordinary Member at the next Board meeting); and
- b) where a replacement Ordinary Member(s) is required under Article 5bis of the ECA Statutes.

If it appears that a club is eligible for ECA Associated Membership in accordance with the Statutes, but is not yet an ECA Member, the ECA Administration shall invite this club to apply for associated membership. This application shall be decided at any Board or Executive Committee meeting during the ECA Cycle.

5. ECA Statutory Affairs Panel

With reference to article 26 of the ECA Organisational Regulations, the Statutory Affairs Panel may assess applications for ECA Membership and deal with issues related to the ECA Membership. The Board will decide on any recommendations made by the Statutory Affairs Panel.

Any situation not foreseen in the ECA Statutes or in this Membership Policy and/or any discrepancy between the ECA Statutes and this Membership Policy shall be treated by the Statutory Affairs Panel on a case-by-case basis.
