A Kick in the Bud  
Bee the Change  
Emflowered

Leaf by Example  
Nature Strong Top Coat  
Clean Up Brush

Expert Touch Lacquer Remover  
Stylus or Toothpick  
Detail Brush

## START

Complete OPI Nail Lacquer Prep Step by Steps. Apply one coat of Nature Strong Botanical Base Coat. Allow to dry.

1

Apply two coats of Nature Strong Strong as Shell to all five nails. Allow to dry. Repeat for coverage.

### PRO TIP

If color floods the surrounding skin, clean around cuticle immediately with a clean up brush dipped in Expert Touch Nail Lacquer Remover to prevent staining.

2

Apply different sized drops of Nature Strong Glowing Places to one nail at a time.

DO NOT ALLOW TO DRY.

3

Immediately apply Nature Strong drops of Strong As Shell, A Kick in the Bud, Bee the Change, and Emflowered over the wet drops of Glowing Places. Lastly, apply drops of Strong as Shell. Use a sharp stylus or toothpick and light pressure to swirl the colors from the center of the drop out creating a flower.

3

Repeat step 4 on remaining nails. Use a detail brush and Nature Strong Leaf by Example to paint leaves and dot accents using a dotting tool. Allow to dry.

## FINISH

Apply a coat of Nature Strong Top Coat. Allow to dry.
