### THE STEPS

Before you begin, prep nails using our OPI Salon Pro Basics protocol. Shake all bottles for 30-60 seconds to blend. Apply one thin layer of Super Base (or Super Strong) Base Coat and cure for 30 seconds, or use GELevate™ soft gel tips and a nude GELevate 4-in-1 Builder shade as your base—you can skip Baby Take a Vow if you go this route.

1

Apply Baby, Take a Vow and cure for 30 secs.  
Repeat for full coverage.

2

Using a liner brush and Sky Blue's the Limit, create a French-style smile line.  
Do not cure yet.

3

Repeat Step 2 with Lime of My Life, Sea-ze the Day, Ultra Violet Daze, Catch a Wave of Happiness, and Glowin' on Vacay, layering each color above the previous. Do not cure between shades.

4

With a clean detail brush, gently drag through the uncured colors from the smile line toward the tip to create a marbled gradient. Do not cure yet.

5

Repeat the drag motion as needed for balance. Cure for 30 secs.

6

Finish with one coat of Super Gloss No-Wipe Top Coat. Cure 30 seconds.

### THE FINISHING TOUCH

Remove gel residue with N.A.S. 99 Cleansing Solution and an Expert Touch Nail Wipe.  
Finish by massaging Nature Strong Glow Up Nail & Cuticle Oil into the base of each nail.
