# CHIC OF NATURE

NAIL ART | NATURE STRONG

## PRODUCTS USED

Nature Strong Botanical Base Coat  
Kind of a Twig Deal  
Strong as Shell

Nature Strong Top Coat  
Cosmetic Sponge  
Lint Free Wipe

Lacquer Remover

## START

Complete OPI Nail Lacquer Prep Step by Steps. Apply one coat of Nature Strong Botanical Base Coat. Allow to dry.

1

Apply one coat of Nature Strong Kind of a Twig Deal to all five nails. Allow to dry.

2

Continuing with Kind of a Twig Deal paint color onto a section on the smooth side of a cosmetic sponge. Repeat with Nature Strong Strong as Shell, overlapping the two colors. Dab the sponge over the nail creating an ombre. Allow to dry.

## PRO TIP

Cosmetic sponge absorbing all your color and not depositing it to the nail? Lightly moisten the sponge with isopropyl alcohol before painting on your colors.

4

Repeat previous step until you have the desired coverage. Use a lint free wipe and lacquer remover to clean the surrounding skin.

## FINISH

Apply a coat of Nature Strong Top Coat. Allow to dry.
