THE "NAIL ART" STEPS

Begin by prepping nails using our salon pro basics. Shake all GelColor bottles for 30–60 seconds to blend ingredients. Apply one coat of GelColor Super Base Base Coat, then cure in the OPI Star Light for 30 seconds.

1

Apply a thin coat of Mod About You Pastel to the nail. Cure for 30 Seconds.

2

Apply a second coat of Mod About You Pastel to the nail. Cure for 30 seconds.

3

With a liner brush and Lincoln Park After Midnight, create a thick line down the center of the nail. Do not cure.

4

Continue by creating an arch to the right of the line near the cuticle and up the right side wall of the nail. Do not cure.

5

Repeat on the opposite side near the tip of the nail. Do not cure.

6

With Lincoln Park After Midnight, fill in the space of the arches at the tip and cuticle line. Cure for 30 seconds.

7

Apply a coat of OPI Super Gloss Top Coat. Cure for 30 seconds.

THE FINISHING TOUCH
