WHAT YOU'LL NEED

OPI PRODUCTS:

Soothe & Remove Cuticles
Smooth It Out Hand & Foot Scrub
Moisture Mission Hand & Foot Cream
Glow Up Nail & Cuticle Oil
To the Rescue Overnight Cuticle Balm

PREP ESSENTIALS:

Expert Touch Lacquer Remover
N.A.S. 99 Nail Cleansing Solution
Bond Aid™

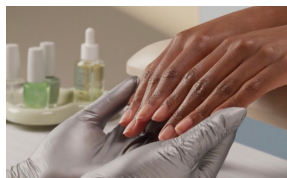

CHOICE OF OPI COLOR SYSTEM

TOOLS:
Nail trimmer
240-grit nail file

Cuticle pusher
Cuticle removal tool
240-grit buffer
Cuticle nipper
Nail wipes
Warm damp towels

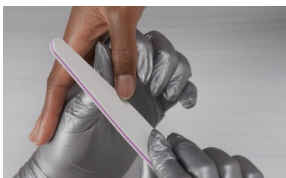

THE STEPS

BEFORE YOU BEGIN: Prep warm damp towels for removal of scrub.

1

Start with clean dry hands.

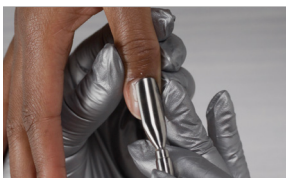

2

Trim nails if needed and shape as desired with a 240-grit file.

3

Apply a small amount of Soothe & Remove Cuticles to the perimeter of each nail. Allow to soften 1-2 minutes.

4

Gently glide a cuticle pusher along the nail plate, pushing back the proximal fold and loosening cuticle from the nail plate.

5

Use a cuticle removal tool to remove any remaining cuticle from the nail plate.

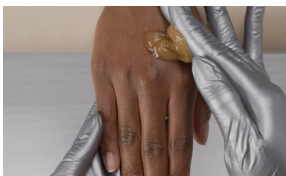

OPTIONAL

Refer to system recommendation and buff nail if needed.

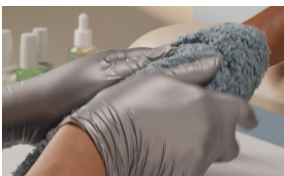

Cleanse nails thoroughly with a nail wipe saturated with N.A.S. 99 Cleansing Solution and apply a coat of Bond Aid before nail product application.

Apply OPI GelColor, Powder Perfection, GElevate™, or acrylic service of choice prior to skincare application.

6

Apply Smooth It Out Hand Foot Scrub in long effleurage strokes to the hand and arm.

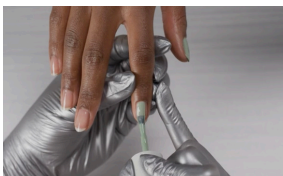

7

Wrap the hand and arm in a warm damp towel and glide it down to remove scrub.

8

Warm a generous amount of Moisture Mission Hand & Foot Cream between your hands and apply it in long smooth effleurage strokes to the hand and arm.

If applying a lacquer system, cleanse nails thoroughly with a nail wipe saturated with N.A.S. 99 Cleansing Solution and apply a coat of Bond Aid™ prior to lacquer application. Allow to dry.
