THE STEPS

Before you begin, prep those nails! Follow OPI Lacquer prep basics. Gently roll lacquer bottles for 30-60 seconds to blend ingredients before application. Apply one coat of Natural Nail Base Coat and let dry for 1-2 minutes.

1

Using Brighter Daze Ahead's brush from the bottle, create a swoosh across half the nail. Allow to dry for 1-2 min.

2

On the opposite side, apply a second swoosh with Pack a Cherry-on Bag. Allow to dry for 1-2 min.

3

With a liner brush and Here Plums the Sun, paint an S-shaped accent line from side tip to cuticle. Allow to dry for 1-2 min.

4

Finish with one coat of Infinite Shine Gel-Like Top Coat. Let dry for 1-2 min.

THE FINISHING TOUCH

Massage Nature Strong Glow Up Nail & Cuticle Oil into the base of each nail to moisturize.
