Stunshine Nail Art Tutorial

FEATURING NEW SUMMER SHADES

Powder Perfection

WHAT YOU'LL NEED

PREP & FINISH:

OPI Bondex
GelColor Super Gloss No-Wipe Top Coat
Nature Strong Glow Up Nail & Cuticle Oil

POWDER PERFECTION SHADES:

If U Like Pinka Coladas
Dopa-mani
Paintin' On Sunshine
Clear Color Set Powder

TOOLS & ESSENTIALS:

OPI Star Light LED Lamp
OPI Liquid Perfection Monomer
OPI N.A.S. 99 Cleansing Solution
OPI Expert Touch Nail Wipes

180 grit file
180 grit buffer
Acrylic Brush
Dappen dish

THE STEPS

Before you begin, prep nails using our OPI Salon Pro Basics protocol. Apply a thin coat of Bondex to the nails and let dry.

1

Using Liquid Perfection Monomer and an acrylic brush, pick up a medium bead of Clear Color Set Powder and apply it to the entire nail to create a smooth base overlay.

2

Using If U Like Pinka Coladas, pick up a small bead and apply to the tip of the nail, feathering upward toward the center.

3

With Dopa-Mani, pick up a small-to-medium bead and apply to the center of the nail, blending toward both the tip and the cuticle.

4

Pick up a small-to-medium bead of Paintin' on Sunshine and apply it near the cuticle area. Feather the color downward toward the center of the nail for a smooth gradient.

5

Pick up a large bead of Clear Color Set Powder and apply to over the entire nail, creating an apex and encapsulating the design. Allow it to set completely before refining.

6

File and shape the nail using a 180 grit file and buffer. Cleanse with an Expert Touch Nail Wipe saturated in N.A.S. 99.

7

Apply a thin coat of Super Gloss No-Wipe Top Coat. Cure for 30 secs.

THE FINISHING TOUCH

Finish by massaging Nature Strong Glow Up Nail & Cuticle Oil into the base of each nail to moisturize.
