OPI Star Light Gel Lamp

GelColor shades:
Make 'Em Jelly
Blushin' Pride

Detail Brush
ProSpa Nail & Cuticle Oil

N.A.S. 99 Cleansing Solution
Expert Touch Nail Wipe

THE "NAIL ART" STEPS

BEFORE YOU BEGIN: Prep those nails! Follow our OPI Salon Pro prep basics. Shake all GelColor bottles for 60 seconds to blend ingredients prior to application. Apply one coat of GelColor Super Base Base Coat and cure in the OPI Star Light for 30 seconds.

1

Start your color application on new GelEstate prep-free full coverage tips applied with your choice of GelEstate 4-in-1 nude builder gel. No Base Coat is needed, go straight to your color application.

2

Apply a thin coat of Make 'Em Jelly as a French tip on the nail. Cure for 30 seconds. Repeat for more intense jelly color if desired.

3

Using a detail brush, apply a moon near the cuticle area using GelColor Blushin' Pride, and cure for 30 seconds.

4

Using a detail brush, apply GelColor Blushin' Pride, outlining the french tip. Cure for 30 seconds.

THE FINISHING TOUCH

Apply a coat of GelColor Super Gloss Top Coat and cure for 30 seconds. Remove the gel residue with a nail wipe saturated with N.A.S. 99 Cleansing Solution. Apply ProSpa Nail & Cuticle Oil to the base of each nail and massage in.
