Lady in Black
ProSpa Nail & Cuticle Oil

Additional Products Used:
Dotting Tool
Detail Brush

THE STEPS

BEFORE YOU BEGIN: Follow OPI GelColor Prep Step-by-Steps.

Apply one coat of GelColor Stay Strong or Stay Classic Base Coat and cure for 30 seconds in an OPI LED Light.

1

Apply two coats of GelColor Alpine Snow to the nail. Cure each coat for 30 seconds in the OPI LED Light.

2

Use the corner of the brush to create a large splotch of color in GelColor Summer Monday-Fridays, creating smaller dabs and dots around the perimeter. Repeat with I'm Yacht Leaving and Skate to the Party. Cure for 30 seconds in the OPI LED Light.

3

Apply GelColor Stay Shiny Top Coat. Cure for 30 seconds in the OPI LED Light. Cleanse with N.A.S. 99 Cleansing Solution and an Expert Touch Nail Wipe.

4

Using a detail brush and GelColor Black Onyx create partial squares inside each block of color. DO NOT CURE.

5

Sprinkle Powder Perfection Black Onyx (Lady in Black international) over the uncured gel, allowing to saturate before tapping excess powder away. Repeat 2-3 times. Cure for 30 seconds in the OPI LED Light.

THE FINISHING TOUCH

Cleanse with N.A.S. 99 Cleansing Solution and an Expert Touch Nail Wipe or clean nail brush.
Apply ProSpa Nail & Cuticle Oil to each nail and massage in.
