Expert Touch Nail Wipe
N.A.S. 99 Nail Cleansing Solution
Powder Perfection Base Coat
ProSpa Nail & Cuticle Oil
Detail brush

Green crystals
Gold crystals
Gold bullion
Crystal Applicator

THE STEPS

BEFORE YOU BEGIN: Prep those nails! Follow our OPI Salon Prep Basics. Apply one coat of GelColor Super Base Base Coat. Cure for 30 seconds in the OPI Star Light.

1

Apply a thin coat of Samoan Sand. Cure for 30 seconds. Repeat for coverage.

2

Use a detail brush and I Love You So Munchkin to create a stripe of color down the center of the nail. Cure for 30 seconds.

3

Use a detail brush and Ozitively Elphaba to create a thinner line down the center of the nail. Cure for 30 seconds.

4

Apply a coat of Super Gloss Top Coat. Cure for 30 seconds. Remove gel residue with a nail wipe saturated with N.A.S. 99 Cleansing Solution.

5

Apply Powder Perfection Base Coat to the areas embellishments will be placed. Gently press crystals and bullion into the Base Coat. Allow the Powder Perfection Base Coat 2-3 minutes to dry.

PRO TIP

For added durability, buff areas where embellishments will be applied with a 280-grit buffer before application.

THE FINISHING TOUCH

Apply ProSpa Nail & Cuticle Oil to the base of each nail and massage in.
