THE "NAIL ART" STEPS

Begin by prepping nails following our lacquer prep basics. Gently roll all lacquer bottles for 30-60 seconds to thoroughly blend ingredients. Apply one coat of Natural Nail Base Coat and let it dry for 1-2 minutes.

1

Apply a thin coat of Every Month is Oktoberfest. Allow to dry for 1-2 minutes.

2

Apply a second coat of Every Month is Oktoberfest for full opacity. Allow to dry for 1-2 minutes.

3

Apply a coat of OPI Top Coat. Allow to Dry for 1-2 minutes.

4

Apply a coat of OPI Matte Top Coat. Allow to dry 1-2 minutes.

5

With OPI Top Coat and a detail brush, create a triangle at the cuticle of the nail pointing towards the center.

6

Extend the triangle upward to form a diamond at the center of the nail, then repeat once more toward the free edge.

7

Complete the checker pattern by adding matching diamonds along both sides of the nail. Allow to fully dry.

THE FINISHING TOUCH

Apply Glow Up Nail & Cuticle Oil to the base of each nail and massage in.
