THE STEPS

BEFORE YOU BEGIN: Prep those nails! Follow our OPI Lacquer Prep basics. Shake all Lacquer bottles for 30–60 seconds to blend ingredients prior to application. Apply one coat of Natural Nail Base Coat. Allow to dry for 1–2 minutes.

1

Apply a thin coat of Nail Lacquer Bare My Soul. Allow to dry for 1–2 minutes. Repeat for coverage.

2

Dip a small piece of cosmetic sponge or a sponging tool into Cyber Cherry on Top and dab the color onto the center of the nail, as the color disperses start to fade the color out from the center. Allow to dry for 1–2 minutes.

3

Dip a detail brush in Metallic Rewind and create a thin smile line from one side of the nail to the other. Create an additional line from the center to the tip of the nail.

4

With a detail brush thicken and round out the corners where the lines meet. Allow to dry for 1–2 minutes.

THE FINISHING TOUCH

Apply a coat of OPI Top Coat and allow to dry. Apply ProSpa Nail & Cuticle Oil to the base of each nail and massage in.
