Set Powder

Nail wipes
Silicone Tool
Nature Strong Glow Up Nail &
Cuticle Oil

THE "NAIL ART" STEPS

BEFORE YOU BEGIN: Prep those nails! Follow our OPI Salon Pro prep basics. Shake all GelColor bottles for 60 seconds to blend ingredients prior to application. Apply one coat of GelColor Super Base Base Coat and cure in the OPI Star Light for 30 seconds.

1

Apply a thin coat of GelColor Bare My Soul. Cure for 30 seconds in the OPI Star Light. Repeat for coverage.

2

Apply a coat of Super Gloss Top Coat the the nail. Cure for 30 seconds and cleanse with a lint-free wipe saturated in N.A.S. 99.

3

On a pallet, Mix 1 part GelColor Pompeii Pink and 1 part Powder Perfection Clear Color Set Powder to create a puff paint.

4

Using a detail brush, apply the puff paint to the nail to create a triangle. Cure for 30 seconds.

5

Follow with a thin line connecting the tip of the triangle down towards the tip of the nail. Cure for 30 seconds.

6

Finish the martini glass with a short horizontal line at the end of the thin line. Cure for 30 seconds.

7

Paint a tiny strawberry garnish at the top of the glass using Strawberry Cosmo and Rated Pea-G. Cure for 30 seconds.

8

Apply top coat to the 3D design, isolating from the background as much as possible. Cure for 30 seconds and cleanse with a lint-free wipe saturated in N.A.S. 99.

THE FINISHING TOUCH

Apply Glow Up Nail & Cuticle Oil to the base of each nail and massage in.
