

30 November 2021

**To all airline customers of Sydney Airport Corporation Limited at Sydney (Kingsford Smith) Airport**

**Variation of Charges from 1 January 2022**

***Notice issued under clause 8 of the Sydney Airport Conditions of Use***

This notice advises airlines of changes to charges to take effect from 1 January 2022. The changes are incorporated in Schedule 5 of the new version of the Sydney Airport Conditions of Use, Version 3.2, dated 1 January 2022 (“Conditions of Use”) and any Sydney Airport Conditions of Use signed by Sydney Airport users.

Historically, SYD has undertaken annual security pricing adjustments and true ups. Given significant uncertainties in relation to the timing of border reopenings on traffic levels for both Domestic and International and the impact of the Government security funding mechanism (IASCR), we propose to undertake more frequent consultations in 2022. In this regard, SYD will conduct a quarterly review of International security charges and a semi-annual review of Domestic security charges to minimise risk for all parties and ensure that the security charges in 2022 best reflect actual passenger volumes and actual costs.

**International Security Charges from 1 January 2022 to 31 March 2022**

We note the introduction of the Federal Government’s International Airports Security Costs Rebate (IASCR)<sup>1</sup> Scheme which is designed to meet the shortfall in costs associated with meeting mandated security obligations on International services incurred between 1 October 2021 to 31 March 2022. We do not propose to amend the current charges whilst this scheme is in operation. As such between **1 January 2022 to 31 March 2022**

- The Passenger Charge – International Services will increase by \$0.27 to \$60.69 per passenger (excluding GST) and \$66.76 (including GST); and
- The Shared Airfield Security charge applicable to non-passenger services (including freight, positioning and general aviation operations) will decrease by \$0.09 to \$0.25 per tonne (excluding GST) per aircraft movement based on maximum take-off weight (MTOW) and \$0.28 (including GST).

---

<sup>1</sup> Program announced on 21 September 2021. Please note that some security costs are not recoverable under the scheme as they do not meet the definition of ‘Eligible Expenditure’.
