

# Filming & Photography

## Application process

Any person or organisation (non media) wishing to film or photograph at Sydney Airport should complete the attached application and return a copy to Corporate Affairs at least eight (8) business days before the proposed activity.

Arrangements for airside access must also be confirmed with Corporate Affairs eight (8) business days before arrival at the airport. In particular, all persons must be accompanied by an airport official who displays an Airport Security Identification Card (ASIC) and a valid visitors pass must be obtained for each person entering the airside (past screening at International Terminal (T1))

In all cases, filming or photography will not be permitted until the attached application has been signed and returned to Sydney Airport, along with insurance details as set out in the terms and conditions and payment has been made prior to filming unless special arrangements have been made with Corporate Affairs. Following review and consultation with safety, security and operations team in line with regulatory requirements, acceptance or decline of filming/ photography will be provided by email.

Insurance requirements are:

1. Certificate of currency of public liability insurance for an insured sum of \$20 million (as a minimum)
2. Certificate of current of workers compensation insurance
