

SUPPORT

AirDat is an intuitive, user-friendly system; we do not anticipate that you will have difficulty in completing your required tasks. However, should you need assistance please contact us via the most appropriate channel below:

For **business process enquiries**, such as you are unsure what information to provide, how to complete your eLearning or how to make a booking, please contact Sydney Airport at airdat@syd.com.au

For **technical issues**, such as the website is down or you are unable to upload a document, please contact AirDat directly via the **HELP** button, located at the bottom right of the AirDat website.

All general enquiries please contact Sydney Airport at airdat@syd.com.au or on 02 9667 9079.

For the most up to date information, training guides and contact information please [click here](#) to visit the Sydney Airport Airside Driving Centre Webpage.
