

# Filming & Photography

## Terms and conditions

- The safe, secure and efficient movement of passengers, freight and aircraft at the airport must not be interfered with in any way. The site used for filming or photography must be kept clean, tidy and safe at all times. The location specified in the attached application must not be used for any purpose other than the purpose for filming or photography specified in the application.
- During operating hours, group sizes must not exceed ten (10) people. This includes crew, cast, extras, arriving or departing talent and assistants.
- Sydney Airport may relocate, defer or cancel any approved filming or photography activity when safety, security or operational considerations demand it. In those circumstances, Sydney Airport will not be responsible for any loss to any person or organisation.
- Persons or organisations wishing to film or photograph on the airside (past security screening and customs) of the airport are subject to security access control requirements, i.e. sighting of a drivers licence or passport, as well as a safety escort and supervision (charges apply). In particular, all persons must be accompanied by an airport official with an Airport Security Identification Card (ASIC) and a valid visitor pass must be obtained for each person entering the airside.
- If it is intended to drive airside, an Authority to Drive (ADA), applicable to airline operators only, must be obtained and the rules set out in Sydney Airport's Airside Vehicle Control Handbook (AVCH) must be complied with.
- Due to increased security at all airports around the world no vehicle is to be left unattended in the vicinity of the airport, apart from the public carpark.
- Persons or organisations accessing Sydney Airport do so at their own risk and release Sydney Airport from liability for any loss or damage of any kind.
- Prior to commencing filming or photography, persons/organisations must submit to Sydney Airport a copy of:
  1. A certificate of currency of public liability insurance for an insured sum of \$20 million (as a minimum) and noting Sydney Airport as a joint-insured for the purpose of access to Sydney Airport on these terms and conditions; and
  2. A certificate of currency of workers compensation insurance (if relevant).

If any of these terms and conditions are, in Sydney Airport's reasonable opinion, not complied with, then Sydney Airport may terminate the right to film or photograph, and all persons associated with that activity will be required to immediately leave the airport. In those circumstances, Sydney Airport will not be responsible for any financial loss to any person or organisation.
