EXPERIENCE

Senior Frontend Developer · JIBE eCommerce (Freelance)

May 2022 – Present · Remote

Vancouver-based agency building headless commerce experiences — 4+ years, 15+ client projects.

- Build and maintain headless Shopify storefronts on Next.js/TypeScript for brands including 7mesh, Nest Designs and Saul Good — PDP, PLP, search, cart, accounts, internationalization and new market launches.
- Core contributor and maintainer of Compass, the agency's internal design system powering all client storefronts: components, framework upgrades (React 19, Next.js), testing and tooling.
- Tech lead on selected projects and epics — technical direction, code reviews and mentoring.
- Deliver across the wider stack: Shopify themes (Liquid) & apps (Remix, Prisma, Polaris), BigCommerce, Contentful, headless WordPress — incl. B2B portals & marketplace apps (with Orium); own performance (Core Web Vitals) & accessibility (WCAG 2.1 AA).

Senior Architect · Overstappen.nl

Jan 2022 – Apr 2022 · Amsterdam, Netherlands · Hybrid

- Promoted to architect the frontend of the group's new brand websites: tech stacks, TypeScript standards, state-management patterns and CI/CD pipelines on Azure DevOps, adopted across the team.
- Delivered the home-contents insurance comparison tool for Consumentenbond, the Dutch national consumers' association.

Senior Frontend Developer · Overstappen.nl

Mar 2020 – Dec 2021 · Amsterdam, Netherlands · Hybrid

Price-comparison platform serving hundreds of thousands of Dutch consumers.

- Developed the energy comparison product (the platform's core) from day one, including high-traffic seasonal switching campaigns.
- Led frontend development of the health-insurance comparison tool; designed the policy filtering UI.
- Architected and built Kizi.nl, a new consumer brand hosting the group's comparators as embedded apps — designed alongside the CTO, coordinating developers and design decisions; introduced Storybook and mentored juniors.

Frontend Developer · TWC / The Widget Company

Jan 2019 – Feb 2020 · Amsterdam, Netherlands · On-site

- Built Smart TV streaming apps — most notably Videoland (RTL Nederland's VOD service) — across Samsung, LG, Philips, Sony, Panasonic and PlayStation; Vue.js/Vuex, GraphQL & REST, Jest, Webpack, Jenkins.

Frontend Developer · Consoft Sistemi (now ALTEN Italia)

Mar 2015 – Dec 2018 · Turin, Italy · On-site

Joined as ITS work-placement intern, hired as consultant; long-term client assignments across the group.

- **WEDOO (2016–2018):** built and maintained FCA Group's Build & Price vehicle configurators (NAFTA & EMEA — Jeep, Ram, Dodge, Fiat, Alfa Romeo) and led the Mopar accessories configurator — React, Redux.
- **CARETEK (2015–2016):** built the web app for SPRINTT, a pan-European IMI-funded clinical trial on frailty and sarcopenia.
- **Consoft (2015):** built Arfer, an RSS-based enterprise systems-monitoring app with admin interface.
