FORMULATED

LINAMIX®

GRAINFREE

Linamix® is an extruded (pressure-cooked) supplement with linseed, chicory and is now **grain-free**. The product is suitable as a supplement to the feed. This Top-Feeding offers a particularly high quality of fats via linseed, and inulin (prebiotic) via chicory. This product helps to improve the general condition of the horse and also promotes intestinal passage. It also contains two antioxidants (vitamin E and organic selenium) making it ideal for improving the condition and health of your horse.

This mix contains ingredients of the highest quality:

Linseed is a source of omega 3 fatty acids which greatly benefits the health of the horse.

Chicory naturally contains inulin. This polysaccharide promotes a good development of the intestinal flora and has a prebiotic effect.

Slow sugars. EquiSweet is a healthy sugar syrup which ensures a progressive and gradual release of energy.

Antioxidant. The intake of vitamin E and selenium supports muscle regeneration after exercise.

Organic selenium belongs to the family of antioxidants and this form is very easily absorbed by the body.

COMPOSITION:

Linseed, Peas, Dried sugar beet pulp, Isomaltulose molasses, Potato starch, Chicory roots, Sodium chloride.

Analytical constituents:

Crude protein	17%
Crude fat	20%
Crude fibre	6%
Crude ash	5%
Calcium	0.4%
Phosphor	0.36%
Magnesium	0.22%
Sodium	0.25%

Nutritional additives (/kg):

3a700 Vitamins E	1000 mg
3b814 Organic selenium	0.600 mg

Technological additives:

E310 Propyl gallate	150 mg
