NERV SUPPORT

Does your horse get nervous quickly? Does your horse get placed into stressful situations (transport, competition, new environments)? Do you want to help your horse remain calm in these situations? Then find out more about Nerv Support from the Special Care range.

Nerv Support is a dietary supplement based on alfalfa, dried chicory pulp and nettle for nervous or stress-sensitive horses. This 4 mm pellet contains no molasses and has a low sugar and starch content. The supplement contains magnesium and L-tryptophan. These specific components reduce nervousness and stress, resulting in improved calm and control.

- **Magnesium** is an important mineral for the muscle and nervous system, bones, water and energy balance, metabolism, and it promotes muscle relaxation. Magnesium in the form of magnesium butyrate. This form of magnesium is a very readily absorbed.
- **L-Tryptophan** is a building block of the neurotransmitter serotonin and helps improve signal transmission in the nervous system. This allows tension in the body to dissipate faster.

NEW:

- Improved effectiveness in reducing nervousness and stress in horses
- Grain-free, based on alfalfa, dried chicory pulp and nettle, and low in starch (3%) and sugar (5%)
- New formula containing magnesium butyrate (instead of magnesium oxide) and herbs such as lemon balm, passionflower, hops, lavender and Tilia bract
- No added molasses

The above components work together to support the horse in stressful situations.

INSTRUCTIONS:

Use 20 grams per 100 kg of body weight per day. Ideally given with concentrated feed before and during stressful situations

COMPOSITION:

Alfalfa, Magnesium Butyrate, Dried Chicory Pulp, Carob Powder, Dried Herbs, L-Tryptophan, Dried Leaves (Nettle), Sunflower Oil.

Analytical constituents:

Crude protein	12.9%
Crude fat	7.4%
Crude fibre	15.6%
Crude ash	12.8%
Starch	3%
Sugar	5%
Calcium	1.1%
Phosphorous	0.1%
Magnesium	2.2%
Sodium	0.1%

Nutritional additives (/kg):

3c440 L-Tryptophan	40 g
3a821 Vitamin B1 (Thiamine Mononitrate)	600 mg
3a831 Vitamin B6 (Pyridoxine)	300 mg
Vitamin B12	2000 µg
