

PRO PLUS

Health mix without additives

Pro Plus is a balanced muesli without additives. The use of slow-digesting and structure-rich carbohydrates with low glycaemic indices helps to maintain stable blood glucose levels. The vitamins and minerals in this mix are of natural origin, improving nutrient absorption. Glucosamine, of vegetable origin, and seasonal herbs have also been added. This unique formulation ensures efficient digestion, balanced intestinal flora, a healthy metabolism and hormone balance and improved resistance in all horses.
