Recover Mash

EQUIFIRST
feeding your dream

Recover Mash is an oat-free mash containing high levels of vitamins and minerals. This mash is very easy to digest thanks to the flaked cereals, dried carrots, dried garlic, pea flakes, and bran. It also contains linseed, a good source of omega-3 fatty acids. Perfect for horses that have performed strenuous exercise, during short periods of stress (transport) and for supporting recovery after very strenuous activity. Recover Mash should be completely moistened with warm water.

- **For rapid recovery after exercise**
- **A warm treat**
- **Without oats**

NUTRITIONAL ADVICE:

Per 100 kg body weight: **300 g > 500 g**

Depending on the breed, intensity of exercise and quality of roughage.

Unlimited roughage supplementation.
