About CDP

An overview of CDP's journey

About CDP

CDP is a global non-profit that runs the world's environmental disclosure system for companies, cities, states and regions.

640+

Investors with US\$127 trillion of assets

250+

purchasing organizations

24,800+

disclosing companies worth two thirds of global market capitalization

1,000+

disclosing cities, states & regions

Why disclose through CDP

Build resilient business models

Disclosure helps protect your bottom line, by illuminating risks and identifying opportunities, supporting sustained business growth while protecting our planet..

Disclose once, for many uses

Our “write once, use many” approach ensures organizations can turn a single disclosure into powerful market intelligence that fuels decision-making at all levels. Disclosing through CDP provides a competitive edge, allowing users to secure capital, reduce risks, and boost efficiency.

Drive impact through alignment and insight

CDP has forged powerful partnerships to ensure disclosed data goes further and faster. We are progressing alignment with the world’s most relevant frameworks and standards, supporting organizations to prepare for incoming regulation and evolving market demands.

Stable partnership in an uncertain world

For 25 years, CDP has remained a trusted partner in an ever-changing market. In 2025, our focus is on providing requesters and disclosers with the maximum level of stability.

How we work

Investors and purchasing companies use CDP to make informed decisions, reward companies with superior performance and drive action.

Companies and suppliers provide data on environmental impacts, risks, opportunities, investments, strategies and more.

CDP has made disclosure a business norm

■ Total disclosing companies ■ Climate change ■ Forests ■ Water security ■ Biodiversity ■ Plastics

24,800+ companies worth two-thirds of global market cap disclosed in 2024

7% increase from 2023

7,550+ companies started their disclosure journey for the first time in 2024

The impact of supply chain disclosure

Supply chains naturally create a domino effect of environmental impacts on a large scale - something that you as a supplier can collectively be part of.

Companies that disclose through CDP may reduce direct emissions by **7-10%** within just 2 years – demonstrating that disclosure is not just another tick box exercise.

Year on year, CDP disclosers are more likely to take environmental action with **69%** of third-time disclosers having emissions reduction initiatives, compared to 38% with first-time disclosers.

2025 Disclosure

Functionality Improvements

Copy forward for 2024 response

A **copy forward feature** to enable disclosing organizations to utilize parts of their 2024 response for this year's disclosure.

Portal homepage and navigation enhancement

Portal homepage and navigation enhancements, including clearer guidance for parent company submissions.

Simplified Register to Disclose Process

Simplified Register to Disclose form with clearer user instructions, available from the 18th of June.

Questionnaire enhancements

Questionnaire enhancements, including one-click editing of matrix cells, multi-line rich text input with line breaks, auto-expanding matrix fields, and truncated overflowing text, for improved and faster user experience.

CDP's alignment with IFRS S2

All companies disclosing through CDP will be disclosing against the IFRS S2 standard for climate-related disclosure.

In 2024, **CDP delivered the first S2-aligned dataset** to the market.

Relevant questions will be tagged and detailed mapping will soon be available on CDP's website.

CDP's questionnaire provides an effective tool to support companies on their path to ISSB compliance.

CDP is developing data tools to support post-disclosure analysis for organizations and data users.

CDP continues to build on the baseline to enable the most ambitious environmental disclosure.

Corporate Disclosure Key Changes for 2025

Following the structural changes and framework alignments introduced in 2024, the 2025 questionnaire maintains a streamlined approach, with **only minor refinements aimed at improving clarity and usability**. The majority of datapoints remain consistent, ensuring continuity for organizations. CDP's scoring methodology is also stable with only small changes planned and improvements for consistency.

Getting Started

From registration to submission

2025 disclosure timeline

Steps suppliers should take to prepare for the disclosure cycle:

- Register for and attend supplier support webinars
- Add contacts and assign Disclosure Submission Lead and Contributor roles
- Ensure your company information is correct and up-to-date (DUNS, address, name)

Invitation from your customer

If you are disclosing for the first time, there are a few ways to get started.

Your organization will be receiving one of the following invitations:

1. Email from mail@cdp.net to enter myportal.cdp.net
2. Activation link from your customer to setup your username and password
3. [Register to Disclose](#) form link from your customer to request access to your organization (available week commencing June 16th).

* Please ensure you check your junk mail and that mail@cdp.net is whitelisted by your organization's IT department.

Register a Contact with CDP:

Route 1: Activation Link

- You may receive a customized registration link directly from your customer or colleague to setup your username and password.
- Please ensure the **company name** and your **email address** are both correct.
- Once you submit your registration, you may login MyPortal.cdp.net with your username (email) and password.

The image shows a registration form for CDP. At the top is the CDP logo. Below it is the heading "Create your account for". The form is divided into two main sections. The first section is for company information, with a label "Your company name" and a link "Not your organization? Register a different organization." The second section is for email information, with a label "Under the email address" and a label "Your email address". Below these are five input fields: "First name", "Last name", "Job title", "Set a password", and "Confirm your password". The "Set a password" field has a note below it: "Your password must be at least 12 characters long, with at least one upper case letter, one lower case letter and one special character or number." At the bottom of the form is a checkbox and a line of text: "By registering you confirm that you agree to CDP's Terms & Conditions. We will process your personal data in accordance with our Privacy Notice." Below this is a red "Register" button.

Register to disclose

Thank you for taking the first steps to start your disclosure through CDP.

You should complete this form if your organization is disclosing through CDP for the **first-time** and require access to the CDP Portal to start your disclosure.

If you have colleagues with access to the CDP Portal, we encourage you to contact them instead, to assist with adding you to your organization's CDP Portal account directly.

Please complete this form in English as best as you can to ensure you are accurately matched to your organization.

Please select your purpose for this registration:

My customer(s) and/or CDP Capital Market signatories have requested my organization to disclose through CDP

My organization has not been formally requested to disclose by anyone but would like to disclose through CDP independently

I am part of a City, State or Region that would like to disclose through CDP

Questionnaire set-up questions

The 'Questionnaire set-up' allows CDP to customize the questionnaire relevant to the reporting organizations, based on their selections.

Questionnaire set-up is made up of five different sections, including theme relevance and any sector allocation. Note that not all sections may be presented to your organization.

Section	Prompts / Questions
General information	Annual revenue (in US\$) for reporting year Staff headcount Full or SME questionnaire
Activity classification	Review or complete CDP-ACS information
Assessment of environmental issues	Assessment and identification of forests- and/or water-related dependencies, impacts, risks, and/or opportunities
Intent to submit	Request to disclose on climate change Request to disclose on additional environmental issues Intent to submit
Additional information (if relevant)	Commodities disclosure (F only) Operation of mines and mining projects during the reporting period

*** Please ensure this section is completed accurately so your organization is requested to disclose on the most relevant information**

Questionnaire set-up questions

General information

This first set of questions in the 'Questionnaire setup', based on an organization's annual revenue and staff headcount, determines whether an organization is eligible to complete the full version or the SME version of the questionnaire.

Section	Prompts / Questions
General information	Annual revenue (in US\$) for reporting year Staff headcount Full or SME questionnaire
Activity classification	Review or complete CDP-ACS information
Assessment of environmental issues	Assessment and identification of forests- and/or water-related dependencies, impacts, risks, and/or opportunities
Intent to submit	Request to disclose on climate change Request to disclose on additional environmental issues Intent to submit
Additional information (if relevant)	Commodities disclosure (F only) Operation of mines and mining projects during the reporting period

Questionnaire set-up questions

Activity classification

Indicate the percentage of your revenue derived per business activity (according to the CDP Activity Classification System).

- This determines that your organization is presented with the most appropriate sector- specific questions. Note that your CDP score is based on your primary questionnaire sector only
- This information is also used to determine forests and water requests according to CDP's Industry Impact Classification.

Section	Prompts / Questions

Questionnaire set-up questions

Assessment of environmental issues

This question asks whether companies have assessed their forests and/or water dependencies, impacts, risks and opportunities. If so, forests/water data points may also be relevant to your organization.

Section	Prompts / Questions
General information	Annual revenue (in US\$) for reporting year Staff headcount Full or SME questionnaire

Questionnaire set-up questions

Intent to submit (on forests/water security)

Whether you are requested to disclose following an authority request or following CDP's industry impact classification or your own self-assessment, you can either accept or decline to respond. If you are eligible for scoring and decline, this may affect your CDP score.

Note that companies can still opt-in to respond to forests or water on a voluntary basis. If you choose to decline in this case this will not impact your score.

Questionnaire set-up questions

Additional information

If your organization intends to submit through the forests route, they will also select which forests commodities they produce or source and whether they intend to disclose on these.

Finally, if relevant, your organization confirms if they have any mining activities or run mining projects, in which case they will be presented with the mines biodiversity route (previously the forests mining questionnaire).

Frequently Asked Questions

- **What if I can't respond to the full questionnaire?**
 - CDP always encourages suppliers to submit a partial response instead of none at all.
 - Focus on the specific target questions put forward by your customers to reduce reporting burden.
 - Perfection is not expected in your first response, do your best.
- **Do I have to pay the CDP admin fee?**
 - In 2025, suppliers do not need to pay a fee to respond to a request(s) from **ONLY** Customer(s).
 - You will need to pay the admin fee if you are ALSO requested to disclose by CDP's Capital Market Signatories

For detailed explanation, please refer to the website - FAQs - CDP

Frequently Asked Questions

- **What if I'm based in a non-English speaking country? Can CDP still support me?**
 - CDP has global staff willing to help suppliers understand the CDP information request. To request local support or learn about workshops and webinars in a particular country, you should use the online multilingual [Help Center](#).
 - CDP also produces multiple guidance documents to support suppliers completing the questionnaire.
- **I'm concerned about data protection and confidentiality**
 - Data and information reported in Supply Chain questions are assigned specifically to the requesting company. No other company has access to that information.
 - Supplier scores are never publicly shared regardless of public/non-public submissions if only responding to customer request(s).
 - CDP is GDPR compliant and our terms & conditions for the questionnaires can be found at [Terms and Conditions - CDP](#)

A photograph of three people in an office environment. On the left, a person with dark hair is seen in profile, looking towards the center. In the center, a young man with curly blonde hair, wearing a tan jacket, is looking down at a desk. On the right, a woman with dark hair, wearing a tan blazer, is also looking down at a desk. The background shows office equipment like a computer monitor and a desk lamp. A large, dark blue semi-circular graphic is overlaid on the bottom half of the image, containing the text and logo.
