

Back-to-Work Preparedness*

As you prepare to return to the office, consider the following for a safe re-entry into the business community. EQ is here to support your transition, and co-create a plan that considers the community-at-large.

1

Know Before You Go

- Revisit your company protocols. What new COVID-19 guidelines are in place?
- Think through your daily schedule. Options such as transportation may have changed.
- Consider working-from-home a few days/ week, or staggering commute times with your colleagues.

4

Common (Area) Sense

- Make sure to maintain social distancing in common areas, including conference rooms, restaurants and fitness centers.
- Identify which washroom(s) you'll be frequenting. Make sure to follow the CDC guidelines.
- Enjoying time out of the office? Make sure to familiarize yourselves with local guidelines around facemask requirements.

2

Arrive In Style

- Determine a clear path of travel. Observe directional signage to avoid crowds as much as possible.
- Be courteous of elevator capacity. Make sure to follow new occupancy guidelines.
- Adopt a "touchless" philosophy. Are there other alternatives for opening doors or pushing buttons?

5

Exit Strategy

- Keep it light. To halt the spread of germs, carry little home and leave as much as you can in the office.
- Keep it clean. Remember to disinfect your laptop at the beginning and end of each day.
- Keep it efficient. Think through your schedule, including quitting time, transportation, and path of exit.

3

A Clean Slate

- The average desk is germ central. Consider a "clean-desk" policy.
- Handling packages and deliveries? Remember to wash your hands with soap and water.
- Social distancing also applies to guests. Make sure to limit the number of office visitors to ensure safety.
