## NOTES

- Ceilings, walls and bulkheads may be modified to accommodate heating and ventilation requirements.
- Variations in uniformity and colour from builder's samples may occur and can be expected in some finished materials (i.e. ceramics, masonry, hardwood, and cabinetry)
- Plans and Specifications are subject to modifications at the discretion of the builder.
- The builder reserves the right to substitute materials of similar or better quality.
- The number of steps at the front porch may vary from that shown and are subject to the grade per the survey plan. All other steps at the rear or sides of home are the responsibility of the purchaser and entries shall be barricaded if greater than 24" above grade.
- All measurements are approximate.
- Long life low maintenance refers to comprehensive systems comprised mainly of maintenance free products with some requirement of attention (i.e. caulking around exterior windows and doors).
- Please see sales representative for more details
