High fibre

Condition Cube

# Condition Cube

Condition Cube is a pellet for horses and ponies with normal workloads. This pellet contains a lot of fibre but is low in sugar and starch. The product contains all the necessary vitamins, minerals and trace elements and offers the perfect solution for a well-balanced and healthy horse.

This flaked mix contains top quality ingredients:

#### Oat hulls

Oat hulls are rich in fibre. This contributes to good digestion.

#### Premix

High-quality vitamins, minerals and trace elements in adequate dosage.

#### Organic selenium

Organic selenium is part of the antioxidant family and is in a form that is easily assimilated by the body.

## HOW TO USE

To be fed at a rate of 0.5 to 1 kg per 100 kg of body weight per day. To be adjusted depending on the breed, the intensity of work and the quality of the roughage. The feed must always be supplemented with good quality, free-choice roughage. The horse must always have access to clean and fresh water. Always store the feed in a cool, dry place away from light.
