feeding your dream

## Nerv Support

Reduces stress  
Magnesium and L-tryptophan

## NERV SUPPORT

Does your horse get nervous quickly? Does your horse get placed into stressful situations (transport, competition, new environments)? Do you want to help your horse remain calm in these situations? Then find out more about Nerv Support from the Special Care range.

Nerv Support is a food supplement for nervous or stress-sensitive horses. The supplement contains magnesium and L-tryptophan. These specific components reduce nervousness and stress, resulting in more peace and control.

- **Magnesium** is an important mineral for the muscle and nervous system, bones, water and energy balance, metabolism, and it promotes muscle relaxation.
- **L-Tryptophan** is a building block of the neurotransmitter serotonin and helps improve signal transmission in the nervous system. This causes tension in the body to dissipate faster.
- **B vitamins** contribute to the general health and function of the nervous system.

The above components work together to support the horse in stressful situations.

### INSTRUCTIONS:

Use 20 grams per 100 kg of body weight per day. Ideally given with concentrated feed before and during stressful situations

### COMPOSITION:

**Wheat Flour, Maize, Magnesiumoxid, Dextrose, Cane Molasses, Corn Oil.**

#### Analytical constituents:

Crude Protein	9,8 %
Crude Fat	2,1 %
Crude Fibre	1,2 %
Crude Ash	20,2 %
Starch	33 %
Sugar	20 %
Calcium	0,5 %
Phosphor	0,2 %
Magnesium	10 %
Sodium	0,1 %

#### Nutritional additives (/kg):

3c440 L-Tryptophane	40 g
3a821 Vitamine B1 (Thiamine Mononitrate)	600 mg
3a831 Vitamin B6 (Pyridoxin)	300 mg
Vitamin B12	2000 µg

EquiFirst's Special Care products are certified as GM0-Controlled.
