

## Racing Mix

For explosive performances  
Extremely tasty

Racing Mix

*Racing Mix is a very tasty flaked mix containing oats that was specially developed for racehorses, but which is also suitable for horses that need a great deal of strength. It is enriched with a particularly powerful probiotic. This feed contains all the necessary vitamins, minerals and trace elements and is suitable for horses with a particularly intense workload.*

This flaked mix contains top quality ingredients:

#### Whole black oat grains

Black oats are an alternative source of starch that is digested moderately and more slowly.

#### Flaked cereals

Flaked cereals are highly digestible further to their cooking and rolling.

#### Probiotics

The added probiotic has a selective effect on the intestinal flora and will consequently help to maintain the natural balance of the intestinal flora.

#### Cereal corrector

Enriched with vitamins, minerals and trace elements, this corrector allows for a good balance between the different nutrients in the ration.

#### Organic selenium

Organic selenium is part of the antioxidant family and is in a form that is easily assimilated by the body.

#### Linseed

Linseed is a source of omega-3 fatty acids that is very beneficial to the overall health of the horse.

Iodine (mg/kg)	0.75

## HOW TO USE

To be fed at a rate of 0.7 to 1.0 kg per 100 kg of body weight per day. To be adjusted depending on the intensity of work and the quality of the roughage. The feed must be supplemented with good quality, free-choice roughage. The horse must always have access to clean and fresh water. Always store the feed in a cool, dry place away from light.
