Hoof Support

Complete Hoof Care
Biotin, Zinc, Copper
& Manganese

HOOF SUPPORT

Does your horse suffer from crumbly hooves? Does your horse suffer from poor quality hooves? Can you see cracks in the hooves, or do you just want to see improved hoof growth? Discover Hoof Support from the Special Care range!

Hoof Support is a food supplement that supports the consistency and structure of the hoof horn. It contains biotin, methionine and trace elements such as copper, zinc and manganese. These components stimulate a well-formed and growing hoof, and provide increased elasticity. It reduces the risk of brittle or crumbly hooves. In addition to improving the condition of the hooves, it also contributes to a beautiful, healthy coat.

- Hoof Support is rich in **biotin**, a vitamin recommended to improve horn quality. In combination with methionine, it provides strength and resistance to strengthen your horse's hooves.
- **Copper, zinc and manganese** play an important role in the production of keratinocytes, which are important for the formation of keratin. These trace elements can be found in the form of chelates, allowing optimal support for hoof formation.

The above components work together to support the hooves in their natural growth.

INSTRUCTIONS:

Maintenance: 20 grams per 100 kg of body weight per day. Ideally given with concentrated feed.

For optimal results, we recommend using Hoof Support for at least 4 months.

COMPOSITION:

Maize, Wheat Flour, Dextrose, Alfalfa, Cane Molasses, Corn Oil.

Analytical constituents:

Crude Protein	10,9 %
Crude Fat	3,3 %
Crude Fibre	2,9 %
Crude Ash	3,7 %
Starch	37 %
Sugar	11 %
Methionin	4,0 %
Calcium	1,1 %
Phosphor	0,3 %
Magnesium	0,1 %
Sodium	0,1 %

Nutritional additives (/kg):

3a880 Biotin	200000 µg
E4 Copper (Copper(II)chelate from glycinehydrate)	100 mg
E1 Iron (Iron(II)chelate from glycine hydrate)	62 mg
3b504 Manganese (Manganese chelate from aminoacid hydrate)	25 mg
3b605 Zinc (Zinc sulphate monohydrate)	425 mg
3b607 Zinc (Zinc chelate from glycin hydrate)	75 mg
3b815 Selenium (L-selenomethionine)	0,2 mg
