## Opti Fibre

Complete daily diet  
Fibres and mix  
With Linamix®

Opti Fibre

**EQUIFIRST**  
*feeding your dream*

Opti Fibre is a complete feed for sports and recreational horses. The product is enriched with Linamix® and forms the perfect combination of high-quality roughage and excellent concentrated feed. This high-fibre mix satisfies the need for fibre, protein and energy excellently and ensures optimum and safe digestion for every horse.

This flaked mix contains top quality ingredients:

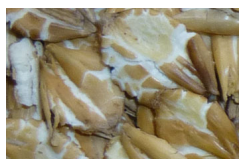

#### Alfalfa chaff

Alfalfa is a leguminous crop that is dried and chopped. These high-quality fibres stimulate the formation of saliva.

#### Linamix®

Extrusion based on linseed (omega-3), chicory containing inulin (probiotic), slow-release sugars (EquiSweet) and grains.

#### Flaked cereals

Flaked cereals are highly digestible further to their cooking and rolling.

#### Cereal corrector

Enriched with vitamins, minerals and trace elements, this corrector allows for a good balance between the different nutrients in the ration.

#### Ray-grass

High-quality roughage

#### Slow-release sugars

EquiSweet is a healthy sugar syrup that ensures progressive and gradual energy delivery.

## INDICATIVE NUTRITIONAL VALUES

<b>UFC/kg</b>	<b>0.67</b>
<b>DE horse (MJ/kg)</b>	<b>9.11</b>

Iodine (mg/kg)	0.3

## HOW TO USE

To be fed as a full ration of 2 to 2.5 kg per 100 kg of body weight per day. To be adjusted depending on the breed, the intensity of work and the quality of the roughage. It can also be used dry or rehydrated to supplement a feed ration. The horse must always have access to clean and fresh water. Always store the feed in a cool, dry place away from light.
