

Vital Mix

For perfect vitality
Formulated with a lot of fibre

Vital Mix

Vital Mix is a flake mixture high in fibre for sport and recreational horses. The product is enriched with Linamix® and perfectly combines various sources of energy, protein and fibre. This non-heating mix contains all necessary vitamins, minerals and trace elements and is the ideal mix for horses with a normal to heavy load.

This mix contains ingredients of the highest quality:

- **Linamix®.** Extrusion based on linseed (omega-3), chicory with inulin (probiotic), slow-release sugars (EquiSweet) and grains.
- **Cereals in flakes** are easily digestible due to the boiling and rolling.
- **Grain corrector.** Enriched with vitamins, minerals and trace elements, this corrector ensures a good balance between the various nutrients in the ration.
- **Organic selenium** is part of the antioxidant family and is in a form that is easily assimilated by the body.
- **Alfalfa.** High quality fibre containing essential amino acids and calcium.
- **Sodium bicarbonate** is a powerful neutraliser.

INSTRUCTIONS FOR USE:

To be provided in a ratio of **0.5 to 1 kg per 100 kg** body weight per day. To be adapted to the breed, the intensity of work and the quality of roughage. The feed should always be supplemented with good quality roughage of choice. The horse should always have access to clean, fresh water. Store in a cool, dry place, away from light.
