

2026 INVISALIGN® EMEA ORTHO SUMMIT

Barcelona | 14 – 16 May, 2026

Join us for a dynamic weekend where digital experience meets your brilliance - an immersive, peer-driven event that empowers and inspires Invisalign orthodontic providers to elevate every aspect of patient care through treatment innovation, clinical insights, and collaboration.

THURSDAY, 14 MAY | Opening Plenary Session | 17:30 – 18:30

Experience matters at the Invisalign Summit with an opening session focused on the treatment experiences you create for your practice and your patients through digital orthodontics. Don't miss this dynamic start to the Summit weekend, followed by a Welcome Reception in the Innovation Hub to catch up with peers and to explore all the Hub has to offer. Featured speakers include:

- **Experience Matters...to Clinicians and Practices** – Dr. Anton Demling
- **Experience Matters...to Patients** – Dr. Eva Mayo
- **Clinical Innovation That Drives Outcomes and Experiences** – Dr. Mitra Derakhshan, Align EVP and Chief Clinical Officer

FRIDAY, 15 MAY | Friday Plenary Session | 9:00 – 10:30

Friday's content-packed plenary session focuses on optimizing treatment workflows and experiences that start with the iTero Lumina™ scanner, the ClinCheck® signature experience for digital treatment planning, changing the paradigm of treatment for growing patients, and new opportunities for flexible treatment and lifelong retention in your practice. Featured speakers include:

- **The Digital Experience** – Joe Hogan, Align CEO
- **iTero™-driven Consults for Patient Education, Trust, and Conversion** – Dr. Cesar Pimentel
- **End-to-end Digital Treatment Planning with the ClinCheck® Signature Experience** – Dr. Federico Migliori
- **Changing the Treatment Paradigm for Growing Patients with Invisalign® Palatal Expander and Invisalign First™** – Dr. Mitra Derakhshan, Align EVP and Chief Clinical Officer; Dr. Teresa Pinho; Dr. Maria Orellana
- **Panel Discussion: New Opportunities with the Invisalign® Doctor Subscription Program** – Dr. Giorgio Comola; Dr. Sean Holliday; Dr. Jonathan Nicosisis

Breakout Sessions | 11:00 – 15:45

Friday Breakout Sessions features a deeper dive into a range of clinical and practice topics. All sessions run twice.

- **Impacted Canines and Aligners: Less Myth, More Method** – Dr. Lorenzo Bartolommei, Dr. Riccardo Capuozzo
- **Treating Complex Malocclusions with Invisalign® Aligners - and Only Invisalign® Aligners** – Dr. Marissa Bell
- **Digital Workflows: Reducing Chair Time, Increasing Efficiency** – Dr. Woo-Ttum Bittner
- **Early Orthodontics: Timeless Principles, New Solutions** – Dr. Nelly Dilkova
- **Plan, Integrate, Dominate: Transform Your Clinic's Digital Workflow** – Dr. Shadi Gera
- **Using Visualization Tools to Drive Patient Acceptance and Conversion** – Dr. Javier Lozano
- **From Planning to Clinical Excellence: Selecting the Optimal Approach for Class II Treatment Using Invisalign® Treatment with Mandibular Advancement with Enhanced Precision Wings and Occlusal Blocks** – Dr. Daniela Lupini
- **Beyond Alignment: Integrating Digital Innovation in Interdisciplinary Treatment Planning** – Dr. Katarzyna Potoczek-Wallner

SATURDAY, 16 MAY | Breakout Sessions | 9:00 – 12:15

Saturday Breakout Sessions include lectures and short, idea-driven talks - a format popularized by TED Talks, featuring multiple speaker perspectives on a single topic to help you integrate and optimize digital treatment workflows and techniques. All sessions run once.

- **Invisalign® Personalized Plan for Invisalign First™** – Dr. Silvia Caruso, Dr. Esmeralda Herrero Vicent
- **Ortho-Restorative Precision: Integrating Invisalign Smile Architect™ and CBCT for Predictable Multidisciplinary Outcomes** – Dr. Maciej Cićkiewicz
- **Invisalign® Treatment in Surgical Cases** – Dr. Cemre Geze
- **Principles of Predictability: Delivering Efficient, Effective, and Remarkable Results with Invisalign® Treatment** – Dr. Sean Holliday
- **Digitally-Driven Adult Orthopedics with Invisalign® Treatment: from Camouflage to True Skeletal Control** – Dr. Ramon Mompell
- **Open Bite and Deep Bite Treatment Planning Considerations: Staging Protocols and Optimized Attachments To Maximize Efficacy and Efficiency with Invisalign® Aligners** – Dr. Jonathan Nicozisis
- **CBCT & Invisalign® Treatment: Past Milestones, Present Integration, Future Innovation** – Dr. Martin Pedernera
- **Invisalign® Treatment and TADs** – Dr. Suliman Shahin
- **“TED Talk” Style Session: Staff Support and Motivation** – Dr. Ibrahim AlShahrani, Dr. Cihan Capan, Dr. Jonathan Nicozisis
- **“TED Talk” Style Session: Game-changers in Treating Growing Patients** – Dr. David Couchat, Dr. Shmuel Einy, Dr. Roberta Lione
- **“TED Talk” Style Session: Invisalign® Virtual Care for Better Outcomes** – Dr. Olga Emilianova, Dr. Zamira Kalemaj, Dr. Rafi Romano
- **“TED Talk” Style Session: Complex Treatment** – Dr. Siju George, Dr. Simonetta Meuli, Dr. Tancan Uysal

SATURDAY | Plenary Session | 13:45 – 15:30

The Saturday closing session is all about customer recognition, celebration, and what comes next – in innovation and in the experiences you choose for your practice and your patients. Featured speakers include:

- **Evolution of Class II Treatment: Different Approaches for Mandibular Advancement** – Dr. Sinem Ceylanoğlu
- **Future Innovation** – Zelko Relic, Align EVP and Chief Technology Officer
- **Experience Matters to the Future** – Dr. Waddah Sabouni

Align Innovation Hub

Open throughout the Summit, the Innovation Hub is an immersive experience that showcases digital tools, resources, and programs to support your practice and deliver the outcomes you want, with 1:1 demos, consults, training opportunities, and more. Plan time in the Hub to go beyond awareness of recent innovations and updates to get personalized support for your practice needs.
